### Benefit dance set for Saturday

A benefit dance with a country-western flavor will be held this Saturday (Nov. 21) from 7 p.m. to 1 a.m. at Progressive Hall, 11580 Ozga at Goddard Road in Romulus.

Proceeds will go for medical treatment of Kenny Muggelberg, a 15-year-old Romulus resident with a brain tumor.

The benefit dance is sponsored by Romulus Firefighters, Kwik Helpers CB Club and Emergency Network CB Club.

Included in Saturday evening's festivities will be a 50-50 drawing.

Those who wish more information about Saturday's benefit dance may call Blanche Shelton of the Kwik Helpers Club at 941-3551.

### New council begins its work

It was the first meeting of the newly-elected Romulus City Council and the stage was set as Mayor Pro-Tem Mary Ann Banks "welcomed the new members of council."

Those new members—Barry Baumann, Pete Bergeron, Alan R. Lambert and John Lewkowicz—received a "reprimand" from the hectic schedule the last council found itself in. The newly-elected will have to tackle the question of Cable TV and a court battle with Detroit Recovery, which is requesting city permission to build a sludge plant.

### 'Flu bug' strikes Oakley

Mayor William Oakley started his third term in office with a "pestering cold."

Oakley didn't show up for the traditional organizational meeting last Tuesday and when his secretary was asked about the whereabouts of the Mayor, she replied: "He has a severe cold."

### Spoils of victory

A standing-room only crowd attended last week's inauguration of public officials in City Council Chambers and the reception that followed. City employees served as hosts and hostesses for the occasion. In this picture, secretary Jan

## Storm victims eligible for SBA funds

Belleville, Van Buren and Sumpter were among the hardest hit areas when a late summer rain storm swept the county for two days beginning September 30.

Now, persons who have suffered from the torrential rains could be eligible for low-interest funds, according to a telephone call to township supervisors and city mayors.

Here is that communication sent to the area officials:

Raymond L. Harshman, District Director of the Detroit District Office of the Small Business Administration, announced that the counties of Genesee, Oakland and the following adjacent counties, Wayne, Washtenaw, Livingston, Saginaw, Shiawassee, Tuscola, Lapeer and Macomb have been declared a disaster area due to damage resulting from flooding which occurred on Sept. 30, and Oct. 1, 1981.

Under the SBA disaster program, persons who own homes or business facilities that were damaged or destroyed by heavy rains, as well as persons who suffered personal property losses (including renters), may apply for physical disaster loans to repair, replace or restore their properties to pre-disaster condition. Businesses sustaining economic injury as a result of the disaster may apply for economic injury disaster loan.

Such businesses are required to submit documentation showing that the economic injury suffered was directly attributable to the disaster. Funds received from economic injury disaster loans must be used to provide working capital and to meet financial obligations that otherwise would have been met had the disaster not occurred.

A business applying for economic injury disaster loans must utilize its own assets or credit available to it from the private sector before applying to SBA.

The physical disaster loan applications must be filed on or before January 4, 1982 and economic injury loan applications must be filed on or before August 3, 1982. No applications can be accepted after these dates.

Annual interest rate on disaster loans to both homeowners and businesses without access to credit from non-government lending is 8%. Homeowners and business loan interest rate are 15 1/4% and 19% respectively, if credit is available elsewhere.

Applications for physical and/or economic injury loans may be obtained by writing or calling the SBA disaster branch office located on the 5th floor of the McNamara Federal Building, 477 Michigan Ave., Detroit, MI 48226. Telephone (313) 226-4030 or (313) 226-7961.

## Reeves labels waste plan hazardous

By JIM BRADLEY  
ANP Staff Writer

Supervisor James Reeves has fired off a letter to the Department of Natural Resources (DNR), strenuously objecting to City Sand & Landfill developing a Hazardous Waste Landfill at Elwell and Willow roads in Sumpter Township.

City Sand has applied for such a landfill and the application contains a "Contingency Plan and Emergency Proce-

dures" (CPEP) which was originally sent to the Sumpter Township Fire Department. It was sent by Thomas A. Handyside, engineer for City Sand & Landfill, with a brief note stating that Sumpter Fire Department should either accept the responsibilities outlined in the "plan" or refuse participation.

In addition, Sumpter was requested, in the case of refusal, to document to Handyside its reasons for doing so.

## For the record

## New city council comes out against proposed sludge plant

The City Council last Tuesday went on record as to oppose Detroit Recovery Product, Inc. proposed plans to build a sludge plant in Romulus.

The battle between the city and the officials who represent Detroit is in the courts and thus far neither side has budged.

At last Tuesday night's meeting Councilman Jimmie Raspberry asked Council to go on record concerning whether it opposed or didn't oppose the proposed sludge plant.

"One of the burning concerns of this

community," Raspberry said, "is the plans of the sludge plant to be built in this city. It is widely known how I feel about this — I categorically oppose it and have fought it from Day One. I would like this council to go on record about its feelings."

Mayor Pro Temp Mary Ann Banks said that she has also fought to keep "this city environmentally safe and will continue to fight to keep it that way."

Councilman Fred Junior Block said he felt that since the issue was in the courts it would not be wise to debate it,

"however, for the record, I oppose it (the plant)."

Councilman Barry Baumann said that he hopes that the council would do everything "legally possible to stop the sludge plant from becoming a reality," also received support from Pete Bergeron, Alan Lambert and John Lewkowicz, all newly-elected to council.

Lewkowicz, however, pointed out that because of "high water tables in Romulus, the water could be easily contaminated if such a construction received approval from the courts to build here."

## Cable TV duel

## Consultants give Comcast edge

In the hands of a consultant, the City of Romulus is a huge manuscript.

That manuscript, labeled "Analysis of Proposals for Cable Television Service for the City of Romulus, Michigan" was prepared by a cable TV consultant firm in hopes of providing City Council with the necessary data for council members to choose a cable TV company which would build this city's system.

Three companies — Barden Cablevision, Comcast Cablevision and Omnicom/Bell Cablevision — are competing for the city franchise rights and the competition for that franchise is controversial as well as stiff.

The information gathered in the analysis was compiled by ELRA GROUP, Inc., a consulting firm which has offices in East Lansing, Michigan and San Francisco.

What was to be a routine presentation of a preliminary analysis by the ELRA Group erupted in accusations and counter-accusations by the three competing firms when Comcast officials unwittingly released some of the confidential material in the form of a full-page advertisement to the Romulus Roman.

The advertisement had over its competitors, as stated by the consulting firm.

Because of the controversy and because the Nov. 3 general election saw a change in the make-up of the city council, the awarding of the cable TV franchise is now in the hands of the new council. Only three members — Councilman Jimmie Raspberry, Councilman Fred Junior Block and Mayor Pro Temp Mary Ann Banks took part in the original discussion on the cable TV.

New to the scene are councilmen Barry Baumann, Pete Bergeron, Alan R. Lambert and John Lewkowicz.

And, if the ground rules have not changed, it will take more than a simple majority vote to award the franchise. The last council voted 4-3 in favor of awarding the franchise to Comcast, however, Mrs. Banks declared the motion had not passed because an ordinance requires more than a simple majority in order for it to pass.

In its laborious analysis, ELRA dissected each of the three applicant's proposals. Because of its importance to the city, the Romulus Roman is publishing the "Final Evaluation."

Executive Summary of the Final Evaluation — EXECUTIVE SUMMARY  
1.1 Overview

The City of Romulus asked the ELRA Group, Inc. of East Lansing, Michigan, to review three applications it had received on August 20, 1981 to provide cable television service for Romulus. Applications were received from (in alphabetical order):

1. Barden Cablevision;
2. Comcast Cablevision; and
3. Omnicom/Bell Cablevision.

The ELRA Group was asked to analyze the franchise proposals and to prepare a written report advising the City as to the most qualified applicant (s). The City allowed approximately one month for this review and report.

On October 20, 1981, the ELRA Group delivered its preliminary analysis of the proposals to the City of Romulus. The preliminary report, in its entirety, is incorporated as an appendix to this final report. Included in the preliminary report were questions for each of the applicants. These questions (also called in-

# Police arrest suspect in Wayne man's stabbing death

Police continue to question a suspect in the death of a 22-year-old Wayne man who died of multiple stab wounds last week.

Wayne police said today they have a suspect in custody for the death of George Donnersbach, who was rushed to Wayne County General Hospital by the Wayne Fire Department.

Donnersbach was pronounced dead on arrival.

Police officers have little to go on for the apparent homicide which occurred at about 11:30 a.m. last Friday at Roach's Collision, a small garage situ-

ated at the rear of B & M Motors on Michigan Avenue in Wayne.

According to police, a fire department rescue unit was dispatched to the collision shop on a report of an injured man. Once at the scene, firefighters determined that the injury wasn't accidental and quickly summoned in police, who found the victim had sustained several wounds caused by stabbing.

Police said that they are awaiting an autopsy report to determine the cause of death.

However, they did reveal that a suspect was taken into police custody and is being questioned in the case. They said

## Churches to conduct 'Thanksgiving service'

The Emmanuel Baptist Church will host its annual Community Thanksgiving Service at 7:30 p.m., Wed., Nov. 25 at the church location, 960 E. Huron River Drive in Belleville.

Participating churches include Emmanuel Baptist, Belleville United Presbyterian, First United Methodist and Trinity Episcopal.

According to church officials, "an offering of can goods will be taken for the needy in the community." All are welcomed to participate.

## Are you under STRESS

Stress, grief and depression are the topics of four new tapes added to the phone-in library of TEL-MED, a free Belleville area telephone health information service.

The tapes, initiating a new TEL-MED Mental Health series called "Counseling," deal with emotional problems increasing in Michigan as the economy worsens.

To listen to a tape, call TEL-MED and give the operator the number of the tape you choose.

Two tapes provide information about depression, the most widespread mental health problem today. Entitled "What Is Depression?" and "How To Deal With Depression," number CL 431, and "How To Deal With Depression," number CL 432, the tapes describe episodes of depression ranging from "the blues" to feelings of utter despair which characterize more serious depression.

"Coping With Stress," tape number CL 38, discusses stressful situations and the impact of prolonged stress. The tape suggests steps to improve your handling of stress.

Tape number CL 85, "Understanding Grief," considers the intense distress arising from various kinds of change or loss, and ways to readjust to a changed environment.

The TEL-MED library includes 236 tapes covering many health topics, such as cancer, alcoholism and drug abuse, human sexuality and arthritis. All TEL-MED tapes are written and reviewed by physicians or other health care specialists.

Call TEL-MED to hear a tape or to ask for a brochure listing all available tapes. TEL-MED phone lines are open 9am to 9 pm, Monday through Friday. Phone numbers are 668-1551 (Ann Arbor), 434-6120 (Ypsilanti) or 548-2832 (Howell).

TEL-MED is sponsored by the Washtenaw United Way, the Washtenaw Medical and Dental Societies, and the hospitals of Washtenaw and Livingston Counties.

### ASK THE CHIROPRACTOR

**DR. RAY ELWART**  
Q. A friend of mine told me that Chiropractic care helped him when he had an automobile accident resulting in a whiplash. Could you explain how?  
A. In an automobile accident like your friend's, his neck was "whipped" when the car was stopped suddenly resulting in some damage to the tendons and ligaments in his neck. These ligaments and tendons normally hold the bones in the neck in place. With such a severe trauma the ligaments and tendons are stretched and even torn allowing the bones to go out of their normal position. Through these bones pass the spinal cord and the nerves. If these spinal bones are allowed to stay out of place the pressure of these bones on the nerves may cause greater problems than the original "stiff neck". What a chiropractor does is gently put these bones back in place allowing the tendons & ligaments to heal as normally as possible. Soon your friend's neck was feeling better. If he had elected to just use drugs to cover the pain up, his neck would have healed improperly. Soon he would have started having symptoms such as headaches, eye trouble, arm pain or a host of other problems. "An ounce of prevention is certainly worth a pound of cure."

**Dear Dr. Shaft,**  
Q. What is a Dynamometer used for?  
A. This is the instrument pictured above. A Dynamometer tests differences in the strength between the left arm and the right. If both sides aren't equal (having taken into account which arm is used more) the muscles in the weak arm aren't functioning up to its fullest potential. This could be a clue to a nerve that is giving weak or distorted signals to the muscle in your weak arm. The muscles won't be able to contract properly.  
A major nerve circuit called the brachial plexus is the nerve supply to your arm and if the nerves in the brachial plexus are pinched in your spine by a misalignment (subluxation) any number of problems can result, such as bursitis, numbness, tingling, a burning sensation across the shoulders as well as weakness.

CHIEF MONTGOMERY

# Van Buren police chief resigns

## Montgomery cites 'medical reasons'

In a surprising and unexpected move, Van Buren Police Chief George Montgomery announced that he will step down as police chief of the township on December 1.

Chief Montgomery submitted a letter of resignation to Van Buren Police Commissioner Thomas Welty earlier this week, making his plans known.

Although Montgomery wasn't available for comment, the police chief has not been feeling well, according to township officials. He was named to head the department last May after former police chief John Willett retired.

Montgomery, 50, has been on the Van Buren Police force for the past 15 years. The position is a part-time employment and pays \$17,200.

Montgomery turned in his letter of resignation to Police Commissioner Welty, and Welty said that the police chief "offered medical reasons for stepping down."

"I'm sorry that it has happened (that chief Montgomery resigned)," Welty said. "George had indicated to me that he had worked two jobs for 15 years and

on his doctor's advice it's mandatory that he work only 8-hours a day.

"I sincerely regret seeing him retire, however, when you're working two jobs for 15 years I think it will eventually catch up with you," Welty added.

Montgomery was responsible for a part-time police force that included 15 police officers, a sergeant and lieutenant

and had a budget of approximately \$150,000.

The department also gained a police commander last week when the township board approved a new position and named a newly-hired officer, Richard Debs, to the post.

Welty said that the police chief's position will remain vacant for the time being.

## Reeves labels hazardous waste plan dangerous to Sumpter

(Continued from Page 1)

"Since the Township (Sumpter) is given no other choice but to accept or refuse the document as submitted, without any further review, we have chosen to refuse participation," Reeves informed DNR.

"We will list our reasons for refusal and wish to go on record at this time as stating that, until all of our points of refusal are answered to our satisfaction, we will take every and all measures necessary to assure that no dangerous toxic or hazardous waste knowingly is brought into our township."

Supervisor Reeves said that township consultants have reviewed all documents submitted and described the contingency plan as "extremely sketchy."

"The 'plan' as submitted is extremely sketchy and consists of no more than a brief outline of a CPEP which could, under any circumstances, be applied to any hazardous waste landfill in any area

of the United States.

"No attempt has been made in any portion of this submitted documentation to specifically speak to the needs of Sumpter Township, City of Belleville or Van Buren Township," Reeves said.

"In fact it is our impression that the document, as submitted, is nothing more than a reprint of a General Guidelines produced by the State of Michigan and/or the Federal Government for the purpose of acting as an outline upon which a detailed and comprehensive CPEP is developed."

Reeves called the contingency plan extremely vague and asked who would pay for the special training the Sumpter Fire Department, a volunteer group, would need to handle hazardous waste spills, explosions and fires. He added that Sumpter Fire Department does not have the special equipment necessary for handling hazardous waste spills and asked whose responsibility it was to purchase such equipment.

"Surely neither the State of Michigan nor the County of Wayne expect Sumpter Township, Belleville or Van Buren Township to purchase, at their own expense, the necessary equipment and training," Reeves stated.

Another section of the contingency plan discussed the necessity for "possible evacuation" when an alarm sounded to warn residents.

"To warn them to do what?" Reeves inquired. "Certainly if there is danger which would require evacuation of residents of the community, certain training programs will be required to educate them."

Reeves asked who would bear the cost of training seminars brochures and newsletters necessary to fully inform effected residents what their responsibilities are. "Nowhere in the CPEP is there a list of specific liability insurances available, including hospitalization, and nowhere does it discuss the

procedures to be instituted should they be necessary or the areas of responsibility as it pertains to hospitalization and ambulance."

Reeves said the most flagrant omission from this proposed plan is that it ignores the most potential health dangers not only to those near the proposed hazardous waste site but to the entire population of Sumpter.

"That particular problem is the danger of polluting and poisoning ground water of the whole township," he said. "Sumpter Township does not have any large system of enclosed storm drainage. All major drains are open ditches which flow in front of people's property, through farmland, past the various schools and residences of all the people of Sumpter Township."

Reeves said that the plan nowhere provides procedures for containing soils, providing temporary water to residents whose wells may have been contaminated and for the posting of drainage ditches and lands which may have been contaminated.

Reeves summed up the contingency plan as "virtually worthless as a guide to Sumpter Township for its planning to protect its own people."

Reeves said Sumpter not only rejected the "plan" but rejected the entire concept by which the State of Michigan "would attempt to inflict upon its citizens a hazardous waste landfill."

"You can be assured that we will do everything within our power to make absolutely certain that the State of Michigan does not inflict this danger upon the residents of Sumpter Township," Reeves informed the DNR, which is a state agency.

Calling the plan "filled with glaring omissions and errors," Reeves said Sumter Township "will not be satisfied with any 'plan' which does not specifically spell out in detail, mile by mile, foot by foot, the procedures which will be taken to protect its citizens."

Reeves continued, "In addition, (it) must spell out those training programs which will be necessary to train its people to cope with any disaster and who will bear the cost for this training along with responsibility for any liability which may arise."

Reeves said he trusted that Handyside would consider his objections as sufficient documentation as to why Sumpter refuses to participate in any "emergency plan."

"Hopefully, City Sand and Landfill will address themselves to the deep concern of the citizens of Sumpter Township as they go through the process of endangering our community," Reeves concluded.

Copies of Reeves' letter to the DNR were sent to 10 other individuals, agencies and communities. These include: Van Buren Township Fire Department; Belleville Fire Department; Michigan State Police; Mike Andrews, Wayne County Health Department; William Joyner, county commissioner; Congressman William B. Ford; Huron Township Fire Department; Edward Mahalak, state representative; Thomas A. Handyside, engineer, City Sand & Landfill, and Wayne County Road Commission.

## Romulus wearing 'a new look'

For those of you who haven't noticed or haven't been Downtown lately, Romulus certainly has a "New Look."

The Romulus Central Business District Association is very diligently striving to see the Revitalization of Downtown Romulus come to being and it appears that through their continued efforts, beautiful things are happening.

This "New Look" is showing up at several businesses. In keeping with the theme of the early 1900's, Family Pharmacy and Bilmar's Supermarket really set a picturesque site, with colorful canvas awnings, wood carved and wooden accent signs, along with a new look inside.

Greenbriar Market has changed their look by installing new doors and decorative windows.

Many others, such as Crova's Sales and Service, Piper Engineering have added onto their buildings, others have started to renovate by painting and it goes on with many merchants working on the process of architectural plans.

The Romulus Auto Supply side wall has really been a lengthy project due to many set backs, but we are truly proud

of the three young students who undertook this extremely large task and proved to be professionals. Andrea Hughes, Rand Hogue and Bernie Solo are to be commended not only for their patience but also for their many hours of work and planning put into this beautiful mural.

The setting is that of an early 1900 home in the background with beautiful blue sky, carriage, bicycle, street lanterns and a lovely lady with her parasol.

These art students were winners in a contest picked from many entries submitted from Romulus High School, under the direction of Ms. Kellogg. By Spring the entire mural will be completed and we hope that all residents will take the opportunity to drive through town (but don't wait til Spring) to see this spectacular work of fine art.

Members of the Romulus Central Business District Association are constantly working on plans along with the City's Assistance to continue to help Romulus progress. Through these efforts, there is no doubt that this will positively happen. We are here to serve you, the People.

## Consultants give Comcast an edge

There are, of course, a number of additional factors any city must consider in choosing among the applicants. Such factors include commitment to the community and the applicants' responsiveness to particular community needs. While ELRA can provide reasonable and objective ratings of the applicants along a number of important dimensions, the final decision on applicant selection clearly rests with the City of Romulus. It remains the responsibility of the City to decide which components of the proposals are the most important to the citizens of Romulus.

Thus, it is critical that the City carefully weigh and assess for itself and relative importance of the different categories in the applicants' proposals to reach its final conclusion. ELRA Group's report and evaluations are based only upon the applicants' proposals and their responses to interrogatories. ELRA's report and conclusions are wholly advisory and not intended to substitute in any manner for conclusions by the Romulus City Government.

"People in the position to know better slaughter the English language." With that thought NBC correspondent and author Edwin Newman addressed the University Press Club of Michigan in Ann Arbor last week. Newman, considered the in-house grammarian at NBC has written three books on the keeping the English language simple. Joining Newman (second from right, second row) was David J. Willett, publisher of the Associated Newspapers (at right). Also pictured are out-going president Richard E. Campbell, vice-president of Argus Press in Owosso; Neil Munro, Oak-

land Press, associate editor; Ausman Lanka, Norton Shores Examiner, Muskegon; George E. Arwady, editor and publisher of the Muskegon Chronicle and Jim Fancy, publisher of the Spinal Column News Weekly, Union Lake. Newman's appearance at the press club was in connection with the club's annual Excellence in Journalism Awards to the best weekly and best daily in the state. Willett was elected president of the University Press Club. Fancy's Spinal Column News Weekly and thMuskegon Chronicle received the top awards.

## Hard-times could increase jail population

Preparing for an expected seasonal increase in the Wayne County jail population projected worse this year because of economic hard-times, the County Board of Commissioners

has tentatively raised the jail capacity to allow temporarily for 90 more prisoners.

The authorization on Nov. 12 was a decision of the Board's Ways and

Means Committee which boosted the total jail capacity from 813 to 903 for the months of December 1981 and January 1982. It provides, during that period, for the extension of 38 jailers, a social worker, two nurses and two custodians plus one Police Inspector for supervision at a cost of about \$500,000.

Housing of the additional prisoners would be at the jail annex on grounds of the County General Hospital in Westland where three more cell blocks would be opened on the second floor of 'M' Building.

When deciding on the 44 positions and the 903 capacity, the Ways and Means Committee opted against a recommendation last week by the Public Safety and Judiciary Committee which proposed an extension of 80 positions and jail capacity of 975. The Ways and Means decision, however, is consistent with a recommendation of the County Fiscal Advisor.

Last week the Public Safety Committee was reacting in part to a jail overflow which exceeded 1,000 on Oct. 29, but was back down to 920 a day later through special cooperation among the judiciary, local police and others in the criminal justice system.

For nearly a week, Sheriff William Lucas ceased to accept prisoners in accordance with court-ordered limits established in 1972. The same lawsuit which generated that order also prompted the commissioners to build a new detention facility which is now under construction in downtown Detroit, and is scheduled for opening in September, 1983.

The new jail will contain 600 cells, and cost approximately \$50 million.

### Commissioners undecided

## Does county need to hire a full-time librarian?

Wayne County Commissioners, in a joint session of the Human Resources and General Government Committees Thursday, remained split over the need to hire a full-time librarian to administer the County's Public Library System, and referred the problem to the County Civil Service Commission for a "desk audit."

Commissioners listened as two members of the Library Board gave opposing views concerning the need for a county-paid librarian to supervise some 80 county-paid employees.

The Wayne County Federated Library System, founded in 1920 and allowed to develop into its present stage under permissive state legislation enacted in 1943, has slowly come under the influence of WOLF (Wayne, Oakland County Library Federation) administered by Leo T. Dinnan. Dinnan also receives \$8,300 to administer the county system as Secretary to the County Library Board.

WOLF acts as purchasing agent for library supplies in the Wayne Oak-

land county area.

Dinnan, a former county employee, was authorized to supervise the county system and its 80 county-paid employees by virtue of a motion of the County's Library Board in 1978. A recent court suit, however, resulted in a MERC (Michigan Employment Relations Commission) ruling that disallows a non-county employee to supervise county workers.

Joseph Mihalko, Chairman of the Wayne County Public Library System, said it has become a Catch 22 situation. "If we withdraw the motion we have no one to administer the system and if we don't we're in direct violation of the MERC decision." Both Mihalko and Dr. Simmons agreed, under questioning, that there has been no attempt by the Library Board to change the questionable motion.

While Mihalko argued the need for a county-paid librarian to administer the county's facilities, Dr. William Simmons, a member of the same board, and Superintendent of the County's Intermediate School District, disagreed.

Commissioner William Suzore of Lincoln Park and R. William Joyner of Plymouth asserted that local communities are administering and paying for their own facilities and do not need the added encumbrances of a county-paid librarian. Vice-Chairman of the Board of Commissioners Clemens E. Bykowski, in a heated exchange, charged that the one-nationally acclaimed

county library system has been blown apart by former employees who saw an opportunity to create their own empire by feeding off of the county's system. An amended motion by Commissioner Jarrette Simmons, however, was approved by the two committees to refer the problem to the civil service to determine if there is still a need for a librarian, whether it meets today's needs and its cost to the county.

### Luncheon with Santa

With the Christmas season around the corner, the YWCA of Western Wayne County is busy with plans for their annual "Santa Luncheons." The luncheons will be held Monday, December 7 from 11:00 a.m. to 1:00 p.m. and Tuesday, December 8 from 1:00 to 2:30 p.m. at the YWCA Family Center, 26279 Michigan, Inkster (between John Daly and Beech Daly).

A delicious lunch will be followed by special entertainment. A visit from Santa with a gift for each child will complete a perfect day for the special little people in your life.

Tickets are on sale now and must be purchased in advance. The price of a ticket is \$3.00 per person. Children must be accompanied by an adult.

For further information, please call the YMCA, 561-4110.

# WCCC to hold 'Open House'

Wayne County Community College will hold an open house on Thursday, Nov. 19, from 8 a.m. to 7:30 p.m. to celebrate the birth of its fourth and newest Child Care Program.

Guests will have the opportunity to tour the child care facility and speak with staff members regarding the educational developmental program for infants, toddlers, pre-school and school-

age children. The center, one of four child care facilities operated by WC3, is located at the new Western Campus, 9555 Haggerty Road, Van Buren Township.

An opening ceremony will be held from 2:30 until 3:30 p.m. in the Community Room. Wayne County Community College President, Richard Simmons, Student Services Vice-President Dr. Thelma J. Vriend, Western Regional

Dean Dr. Julius Brown and Mrs. Patricia Cullen, Van Buren Township supervisor, will speak at the ceremony.

Wayne County Community College Child Care program is geared to meet the needs of students and community persons with infant, toddler and school-aged children. The Child Care Program provides an educational program which emphasizes the emotional, social and cognitive development of the chil-

dren, and Parent Education programs. Field trips and nutritious meals are a regular part of the program.

The Child Care Program accepts youngsters from two months to 12 years of age, and offers a discount for families with more than one child. Child Care Scholarship assist with Industrial Child Care and consultative services are also available. In addition to the Western facility, educational child care programs are offered at the Downriver Campus, 21000 Northline Road, in Taylor, the Greenfield Campus, 8551 Greenfield, in Detroit, and the Downtown Campus, at 1001 W. Fort St., in Detroit.

For further information about the opening of WC3's Child Care Program, contact Arlene Altman, Director, or Patrick Caraher, Coordinator, at 699-0214.

## Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion ton/miles of crude oil and products move through this network. These pipelines have a safety record *second to none* in the transportation industry... and we want you to help us keep it that way.

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:

- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum liquids on or a mist above the ground in the area of a pipeline.
- Flames originating from an opening in the ground.

If you become aware of a pipeline leak...

- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

• Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.

• Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.

If you see someone digging near a pipeline or doing other construction work... or if you plan to do such work near a pipeline yourself... please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest... and the nation's.

Despite slow economy

Don't get turned off from buying your 'dream house'

If you are among the thousands of area residents advancing into the "first home" buying age, don't let current market conditions convince you that this has become an impossible dream.

This is the advice of members of the Western Wayne Oakland County Board of Realtors (WWOCBR), the largest in the state.

"Continued inflation, high mortgage interest rates and a recessionary economy combine to foster such attitudes," said Robert D. Shimmin, WWOCBR president.

"Young people, however, should recognize that similar periods appear throughout our history. The free enterprise system has always found the

right answers and an economic boom invariably followed although it didn't spring up overnight.

"With the mass of post World War II children now moving into full adulthood, economists predict growing strength through this decade. Even young people who think home ownership may be a couple of years or more down the road would be wise to start preparing themselves to enter the market."

He suggests they start studying the communities and neighborhoods where they may want to live. Is it a new or established area; how are the schools, community services, public transportation and shopping facilities;

what type of building and zoning regulations might affect property purchased? All are pertinent questions.

"Take a look at police

and fire protection, medical facilities and roads," Shimmin said. "Make a comparison of property taxes and the type of anticipated programs that may cause them to go up."

He also advises learning about the steps in the home-buying process

**Views On Dental Health**

By **SHERMAN H. KANE, D.D.S.**

**WHY REMOVE IMPACTED TEETH?**

An impacted tooth is one that has not erupted through the gum (or only partly through the gum). More often than not, the honors go to "wisdom teeth". These third molars generally erupt during the teen years. They often grow forward and push against the adjacent molars causing pain and damage. The pressure may also crowd the front teeth.

Aside from possibly damaging other teeth, impacted third molars can cause other problems. A cyst can grow, possibly unnoticed, and damage adjacent teeth, the jaw bone and nerves.

Your dentist can study x-rays of the teeth and jaws, and can frequently tell by the teen years if the wisdom teeth are going to be impacted. At this stage, the wisdom teeth are less complicated to remove and healing is generally faster.

Unfortunately, impacted teeth can be "dormant" for years, but then cause trouble and pain at an unexpected or inconvenient time. That's why most dentists recommend their removal, even if they aren't causing trouble now. Removal of impacted teeth is considered preventive dentistry.

# TAX-FREE

# all Savers Certificate

If you elect to receive interest at maturity there is no compounding and the interest rate on your All Savers Certificate will be 10.770%. If you wish to have interest payable monthly or quarterly, the annual simple interest rate on your All Savers Certificate will be 10.229% and interest retained in your All Savers Certificate will be continuously compounded for an effective annual yield of 10.770%. These rates are available for All Savers Certificates opened through November 27, 1981. Rates for accounts opened after November 27, 1981, will be announced later. However, the rate established at the time an All Savers Certificate is opened is the rate in effect for the full one-year term of the account. You should also know that in the event of early withdrawal from an All Savers Certificate federal law and regulations require a substantial early withdrawal penalty and loss of the interest exclusion for federal income tax purposes. The All Savers rate of 10.770% is equivalent to the yields for taxable investments shown in the table. This table demonstrates how the All Savers Certificates can provide you with a higher after-tax yield than you may be earning from a money market mutual fund or on other investments. The deposit needed in your All Savers Certificate to achieve the maximum allowable deduction is \$18,570.10 for a joint return and \$9,285.05 for an individual return.

## Compare the Tax-Free All Savers Rate of 10.770% with Yields on Taxable Investments.

TAXABLE INCOME ON A JOINT RETURN	COMPARABLE YIELD ON TAXABLE INVESTMENTS	TAXABLE INCOME ON A JOINT RETURN	COMPARABLE YIELD ON TAXABLE INVESTMENTS
\$10,000.00	13.13%	\$ 70,000.00	23.41%
20,000.00	14.17%	80,000.00	23.41%
30,000.00	17.10%	90,000.00	26.27%
40,000.00	18.89%	100,000.00	26.27%
50,000.00	21.12%	110,000.00	29.92%
60,000.00	21.12%	120,000.00	29.92%

The yields shown in this table are based on 1981 tax rates but do not reflect the effects of any tax credits that may be available in 1981, nor do they take into account the 50% maximum tax rate on salary and wages. If tax-free interest is received in 1982, the comparable yield on taxable investments should be calculated using 1982 tax rates. In addition, the yield for the All Savers Certificate actually will be somewhat higher because the amount excluded from federal income tax is also not taxed by the State of Michigan.

Here's what the one-year All Savers Certificate can mean to you.

- You can exclude up to \$2,000.00 interest from federal income tax on a joint return (\$1,000.00 on an individual return). The amount excluded is also not taxed by the State of Michigan.
- Your All Savers Certificate is insured to \$100,000.00 by the FSLIC.
- Your interest rate is **guaranteed** for the full term of the certificate, unlike other investments such as money market funds where rates fluctuate daily.
- You can participate with a deposit of \$500.00 or more.
- Funds in your Standard Federal 26-Week Money Market Certificate can be transferred to an All Savers Certificate without any early withdrawal penalty on the transferred funds.

## Our Opinions

### Hertel Proposal deserves support

State Sen. John Hertel's proposal that would mandate a five-year prison term for criminals who commit a felony against anyone 60 years of age or older deserves the support of all Michigan residents, regardless of age.

In an attempt to accumulate more than 200,000 signatures on petitions to place the issue on the 1982 ballot, Hertel is taking his case to the people. Recently the Harper Woods legislator has visited Van Buren, Wayne, Westland and Belleville to explain his reasoning for seeking such mandatory sentencing.

Hertel's arguments are convincing and at the same time frightening. Frightening in that the judicial system's lax enforcement of the law has made the Hertel Proposal necessary in the first place.

Consider two of the startling figures cited by Hertel last week in a presentation before the area city councils:

- For every six persons convicted of a felony in Michigan, five do not spend one day in jail.

- Within Wayne County alone, felonious assaults upon senior citizens have increased by 10 percent since the beginning of 1981.

Critics of Hertel's proposal have termed it discriminatory since it only singles out crimes committed against seniors. Discriminatory towards whom, we might ask. Discriminatory toward a criminal who has taken advantage of the elderly, those least able to run away or defend themselves?

Isn't the criminal being discriminatory when he or she commits a crime against "an easy mark"?

As Hertel points out, mandatory sentencing for convictions relating to crimes against seniors could be a prelude to mandatory prison terms for all violent crimes in the future. Having a mandatory sentence fit the offense is a concept we wholeheartedly endorse as an effective deterrent to rising crime.

To date Hertel has been unsuccessful in repeated attempts to place his proposal before the Legislature for consideration. It seems that even our elected officials can be stymied by bureaucratic red tape in the Democratic process.

We maintain that the public should have the right to vote on the issue of mandatory sentences for those convicted of crimes against seniors. The rights of the innocent victim have been neglected too long in favor of leniency and suspended sentences for convicted felons.

Hertel's petition drive is a step in the right direction. Those interested in signing petitions can do so at city hall in Wayne, Belleville and Van Buren or can contact their local representative to voice their support of this measure.

It's time to put some teeth into law enforcement. If such action discriminates against convicted felons who prey on defenseless senior citizens, so be it.

## School Board trustee explains 'No' vote

I wish to respond to the recent accusations made concerning my dissenting vote on the settlement of the Wayne-Westland teachers wage contract. My views have been termed as "scare tactics;" and in defense of my position, I'd like to share my real concerns.

Initially, I feel the only reason the teachers requested that their contract be opened prematurely for wage negotiations was due to the economic environment it felt would be present had they waited six more months.

At that time, taxpayers themselves will be faced with possibilities of additional wage concessions or lay-offs — not an ideal time for teachers to be requesting wage increases. I question the moral motive used in opening this contract now.

Additionally, as a result of the wage increases received by the teachers, I have merely been requesting that a plan be presented to the school board that would define how the administration expects to confine its anticipated expenditure to \$1.5 million over the next two years without implementing teacher lay-offs and inevitable program reductions.

Taxpayers may not be aware that past wage increases have been 8% in 79-80; 9% in 80-81; and 8½% in 81-82. During current economic times, how can a 9% increase each year for the next two years be justified?

While Superintendent Timothy J. Dyer advocates a 9% increase in our district — Regent Dyer approved a 5% increase for the Eastern Michigan University faculty. Even State employees are accepting a 5% increase.

Michigan teachers receive higher salaries than any other state in the continental United States and Wayne-Westland salaries rank 4th in Michigan according to the National Education Association.

A Wayne-Westland teacher with a Master's Degree has a salary higher than a Livonia teacher whose rate is \$30,520. Currently the top rate for our teachers with a Masters (more than half of the teachers fall in this category) is \$32,350 or \$176.77 per day. This is also equivalent to \$26.18 to \$29.46 per hour depending upon how many hours are considered work. No wonder the teachers ratified this contract extension 900 to 16.

We have one of the highest school tax rates in the State and a school community that has been more than fully supportive of education over the years. Why we extended the contract months before it was necessary is beyond my comprehension.

Why put an additional burden on the parents and taxpayers who have been belt-tightening? We all must share the burden and bite the bullet.

While 67% of our local taxes support schools and the balance goes for city, drain, community college,

county and hospital taxes, we cannot add to an already depressed economy with demands we may not be able to keep without additional sacrifices by the parents, students and taxpayers of this community.

Fred Warmbier and I voted against extending the teachers contract because the following questions were left unanswered and I have serious concerns about the administration's projected revenues for the next two years, the SEV growth, interest income, dual tax collection and possibilities of additional executive cuts to education.

Why not wait until more information is available with regard to the stability of funding, so that costs of any contract extension may be ascertained more accurately? Can we afford this extension without affecting educational programs?

Are the economic assumptions and projections of anticipated revenue accurate enough to approve this increase? Why was the administration negotiating with the teachers union since late summer yet notification of this activity did not come to the attention of the school board until recently?

Are our teachers really underpaid? Why were the "nuts and bolts" of the agreement delivered to each Board member's home on Friday, October 23 — an executive session held on Sunday, October 25 — and approved on Monday, October 26 by a 5 to 2 vote? Did each Board member have enough time to digest and check out the figures? Was this agreement "shotgunned" through? These were many of the questions and concerns raised but not answered, therefore, leaving only one responsible decision concerning the extension of this contract — disapproval. These can hardly be construed as "scare tactics."

In addition to the 9% per year increase in teacher wages approved, optical benefits were improved, 885 sick days were added to the sick bank for this current year (a possible additional cost of \$156,141) — all passed by a 5 to 2 vote.

On June 8, 1981 the voters were asked to renew 32 mills (which they passed by a substantial margin) in order to keep the schools opened.

Four months later the teachers were approved a salary increase. I wonder what the outcome would have been if these facts were known then?

The taxpayers of Wayne and Westland are the owners of its school district. Our \$58 million operating budget is twice that of the cities of Wayne and Westland combined. We cannot let what happened in Alpena and Taylor occur here. You must get involved, attend meetings, and communicate your concerns to your school board — call me at 729-1748.

### Day in the life of an editor

By TOM MOORADIAN  
Managing Editor

The life of a managing editor is never dull. Please, reader, read on:  
Mr. Mooradian:

You have cast the final straw that has broken my silence. I have read with anger, disgust, contempt and just plain amusement the inner workings of your depraved, racist, moronic mentality.

I have finally had enough of your sanctimonious, holier than thou attitude. Your bias, distorted, slanted deliberate attempt to destroy the career of Leonard Folmar should make you and Associated Newspapers candidates for a libel suit.

Why is it that allegations against white political figures are played down or ignored while allegations against black political figures are catapulted into the limelight and crystallized under the magnifying glass of Mooradian and company.

You exemplify a racist policy in your reporting of blacks. You attempt to hide behind your red-neck mask by exercising supposedly freedom of the press, but many see through this vicious ruse you are playing.

There have been many to which your venomous spew has touched. Leonard Folmar, John Morgan, Jimmy Raspberry, and Clarence Russell to name a few. There is a fine line between freedom of the press and a willful attempt to injure the character or reputation of an individual and expose him to public contempt.

YOU have stepped over this fine line more than once! Why do you choose to make a "revelation" in your National Enquirer/rag type tabloid before the election to Romulus voters that Mr. Folmar had been arrested and charged with a felony.

You say the public had a right to know. I say it was a blatant attempt to scuttle the election in favor of Mr. Oakley. Why haven't allegations been brought to the public's attention concerning Romulus official for taking of \$500 in a kick-back scheme? (How much did YOU receive to squelch the story?) Why haven't you got up on your soap-box and cried out in righteous indignation for his resignation and hang-em from the tallest tree philosophy as you ascribed to in previous editorials?

John Morgan of Sumpter called for landfill reform and it netted him a scathing editorial branding Sumpter as an example of anarchy in government.

On the other hand the Van Buren 5 chose to take a stand and fight a sewer hook-up and you lauded them for a solid year! Nevermind they DEFIED the LAW and went to JAIL and lost every APPEAL to every COURT and COST the taxpayers of Van Buren thousands in legal fees! White people can fight for their community, whereas black people only show examples of confusion and anarchy.

YOU, Mr. Mooradian, are a small man, not only in intellect but in potential growth. You are editor of a quiescent, yellow journalism tabloid for which you will never escape the stench. Your life's worth and potential have already been reached. Your highest journalistic acclaim has been to "write" for the Associated Newspapers Romulus Roman and its other small communities. No wonder you feel JEALOUSY, RAGE, and PREJUDICE.

It must be overwhelming for your ego to see these black political figures relegated to exalted positions of authority as they amass individual personal wealth through merit, while you sharpen your poisonous pen and waste away at Associated Newspapers. I would say justice has been served and you have indeed been punished!

PS  
Why don't you inform your readers that when they write a letter to the editor YOU reserve the right to EDIT them and their letters may not appear as they write them but as YOU say they should be.

Disgusted

Dear Disgusted:

At least we aren't afraid to sign anything we write.

Tom Mooradian, managing editor

## Another viewpoint on Westland elections

Since an analysis was written by one of your reporters about the Westland election held on Tuesday, November 3, it seems proper than an analysis be given by one of the Brown, Griffin, Mehl team members as well.

First, it is evident that your analysis is slanted toward city employees, namely the police and firefighters. If that's what was intended, your reporter did a good job; but journalism like that should have not been slanted towards any one side.

I must agree that we were shocked that Tom Brown lost. But, Tom Brown did not lose because of a vote against the administration; he lost because people did not vote for him. There are reasons that this happened that I will try to clear up at this time.

Our literature, which stated things we felt were issues, was distributed ten days prior to the election. We agreed on its content, and left more than ample time for the other candidates to answer. It wasn't answered. Rather, literature was distributed throughout the city about votes Tom Brown made in Lansing in previous years, mainly on tax issues. This was put out starting on the weekend prior to the election, not allowing Tom Brown to answer. Something like this is not new in campaigns, but it is very unfortunate.

To knock Tom Brown for voting for a base tax and license plate increase is not fair. These two taxes have brought more benefit to our city than what it cost us. We have Nankin Tran-

sit, which is subsidized by money from this tax as well as Semta, which helps our own people.

Road improvements which also include Ford Road expansion starting next year and not to mention some city employee wages, come from this tax. So, our city has benefited from these taxes, not hindered.

Furthermore, to make charges against Tom Brown on Public Act 114 is also unfair. This act is very complex and technically required by the state constitution. There is no denying that Tom voted for this, but it was not stated that he was one of the leaders to delay implementation of this to try and find another way to meet the constitution requirements. This literature was no doubt harmful and could not be answered, but we accepted what has happened.

Along with the above, it was still rumored that Tom would receive two pensions. Again, this was not true; but even after your paper printed explanations, the issue was brought up time and again by other candidates in an effort to discredit Tom Brown.

To say our literature tried to mislead people about salaries and benefits of city employees is not true. Our budget does supply approximately 70% of the total for salaries and benefits. How many citizens know that? They do now! While many businesses are facing difficulties, they ask their employees to take cuts or freezes, which Tom Brown intended on

doing; these are facts and they are not misleading.

As far as a campaign being grass roots or machine, ours was neither. We had many people helping us, many of them being involved for the first time in a campaign, and many who have been involved in previous campaigns. We raised issues and stated facts. We allowed time for answers to be given. The people voted to place another person in the mayor's seat rather than Tom Brown. It was their choice. We have to live with their decision, not necessarily be happy about it, but it is our city, and we have to move ahead.

Let's not knock Tom Brown, but rather show him the respect that's due, he is still a winner to all of us that supported him in this campaign and support him now.

In closing, we know that our city is in financial difficulty. The mayor-elect stated in his campaign that he would restore programs and services that were eliminated due to shortage of money. Our citizens have said no to additional taxes. Can we afford to continue a high level of spending or must we tighten our belts further? We told of methods of how to cut costs. I wonder what the new administration will propose? Only time will tell, and the voters will then decide if they made the right choice.

## We voted 'No' to tax increase

**EDITOR**—How can the Westland Department of Aging and the Westland City Council even think about asking us residents for another millage vote on the same day the voters rejected it!

When will they understand that we homeowners — and I emphasize homeowners—have been bled dry. Many are losing their homes, unemployment is destroying neighborhoods, food costs are so high we can hardly feed our families and they have the nerve to want more from us.

It's about time the Mayor, Council and others working at City Hall for high salaries start paying attention. It would be a lot cheaper to get rid of some of them than try to get taxes from those who can no longer afford them.

We have needs too. And our families come first. Living on unemployment checks and no future jobs in sight isn't my idea of fun. We voted No because we had to—and we meant it!

## When you're a bd. trustee

**EDITOR**—Being a resident of Sumpter Township I would like to voice my opinion on how a township board member needs to represent the residents of that township.

Having been involved in this matter for about a year now and an entirely new board in Sumpter Township except for one trustee, I think that they have progressed in a good manner having a few problems along the way.

Most problems have been of a tri-

vial matter which certain people blew out of proportion. My feeling is that when you hold an office of a township official you get paid for representing "ALL" the residents of the township.

There are times when you will have to give up some of your own time and there is the possibility that you will have to take off a day of work to do important business regarding the township and you are paid for this by the township.

People are always saying that we don't have money for this or that and people are always doing things that cost the township money, but in order to get things for the township you must give a little to get a little. You will not find out about the necessary things that are available for the township if you do not spend some money or give up some time in finding the information out.

I realize that the officials of Sumpter Township are part-time but there is no excuse that I do not have the time.

If each official took some time to attend the meeting that pertained to them specifically then not one person would have to attend all the meetings.

Each official has a title other than their official title, such as a commissioner of some program. If each commissioner attended the meetings that pertained to them they would then find out what is happening and what is available for the residents of the township.

If you expect to find everything out from literature and flyers and by talking to people that are not fully qualified in the area that they are talking about, you are badly mistaken and you will never better the township this way.

Each and every one of you represent the residents of the township and this is not a one or two man board but

a seven man board and just think of the work you could accomplish if you all worked together and participated together in finding out what would better the township.

## Lottery money was for schools

**EDITOR**—As we know the schools in some cities in Michigan will be closing in a few weeks.

The schools in those cities are in very bad shape. The people who are on those Boards of Education are not doing their job for the people. When people buy lottery tickets the profit that they make is to be put aside for education in the schools.

Unfortunately, not all children can go to private schools, because parents can't afford to send their children and pay school taxes too.

The children are not the only ones that suffer from school problems.

The people should vote for school money to keep the schools open and in good shape.

## ACE eyes trip to Lansing

**EDITOR**—At this moment Romulus school officials are all considering what steps you must take after the election results are in.

One fact is clear—the school district is still in trouble. We must look to Lansing to help us find some relief from the loss of revenue brought about by inflation, SEV, executive orders, and declining enrollment.

I think the approach that ACE (Assembly of Citizens in Education) proposes involving a community trip

to Lansing and then returning as a committee to work with Legislators is one which you as a Board should support. If the Community can unite and speak with one voice, we will be not ignored.

Because many school districts are on the brink of closing, Lansing must eventually change its position toward funding.

If we show our sincerity and concern, the State will consider our problems more seriously.

It is to our advantage to be there, talking with Legislators, to influence their decisions for our benefit.

ACE is a young, inexperienced group which needs the encouragement and support of the School Board to succeed in its goal to improve the quality of education in Romulus. If you agree with our ideas towards the funding dilemma, please join with us on this pilgrimage, spiritually if it is not possible to go physically.

## A vote for Donald Bales

**EDITOR**—There he comes to save the Day. . . . You know that Mighty Dan is on his way. When there is a wrong to right. . . . You know that Mighty Dan will join the fight.

Although the above mentioned song, (a little rearranged), is taken from a T.V. cartoon, there is no nonsense in Dan Bales performance on the Romulus School Board.

Anyone attending the board meetings has no choice but to admire the manner in which he protects our interests.

He challenges and questions the motives and actions of the administration, encouraging them to think twice. Mr. Bales is not content to give 100%. He goes that extra mile and

gives 101%.

I feel he deserves public recognition for the fine job he's doing. Because of him we can all sleep a little easier at night.

A big thank you to Mighty Dan and to all those who put him in office.

## Belleville band has a winner

**EDITOR**—We would like to express sincere appreciation to our many parents, grandparents, friends, special teachers, administrators, board members, citizens and: Adventure Travel Agency, Belleville Fire Dept., Meredith Electronics, Moss Brothers, Mr. Goofy's Car Wash, Mel's Cleaners, Dr. Sayegh, Belleville Enterprise and Ypsilanti Press for support in our first Band Raffle.

The winning ticket was drawn at the last Home Game Nov. 6 at Belleville High School. Mr. & Mrs. James Prewitt of Borgman Road were the lucky winners. Their daughter Pam is a member of the Belleville Marching Band.

The Prewitts, surprised to learn of winning, designated the Van Buren Convalescent Center the recipient of the Band's halftime performance which took place Friday afternoon November 13th.

Again our appreciation to everyone for helping us to continue the extra-curricular Band program.

## Pet lovers, take note

**EDITOR**—People who advertise "FREE" cats, kittens, dogs or puppies in your paper do not realize the horrible fate in store for most of these innocent animals.

Animal dealers are anxious to pick up any free animal and sell it to a laboratory to be experimented on.

Dog-fight promoters need hundreds of kittens and puppies to use as bait to train their Pit-Bull dogs to kill.

The following appeared in a recent copy of Harper's Magazine:

"Advertising kittens and puppies as giveaways in newspapers may mean sentencing them to torture and death. It is in this manner that 'sparing partners' for fighting dogs are obtained."

"Two dozen live kittens a week are required for the proper training of a bull terrier for dog fights. Each kitten is tied to a stick and dangled in front of the dog to whet its lust for killing. A good pit bull is expected to quickly tear off the kitten's front legs."

"Then, excited by the kitten's blood and agony and encouraged by his trainer's yelling, the fighting dog will rip off the kitten's head. After about eight weeks of being trained on kittens, the dog is graduated to killing puppies and small dogs."

This goes on daily in our area.

## Parochial vs. public schools

**EDITOR**—Just taking a few minutes to shame you. This is concerning the fact that you omitted printing a picture, plus a by-line of Mrs. Bev McNally, Romulus City Treasurer.

She did run for office the same as the other candidates. The fact that she had no competition just goes to prove that she's doing such a fine job.

Thus, we feel she deserves proper recognition.

## Thought

*Man's a thinking creature  
It is thought that that gives him worth  
The evolution of the mind  
Is the essence of his birth  
Matter merged with thought  
And the two of them combined  
To form a living mortal  
Composed of soul and mind.  
Thought is man's whole purpose  
His resulting composition  
The first spark of creation  
Gave thought its recognition  
Thought has brought man far  
From the dark of ignorance  
Raised him from his earthly ties  
To a place of eminence.  
It gave to him a pride  
Of a rightful dignity  
An independent nature  
Of creativity  
Though, we have good cause to wonder  
How this thought became abused  
The selection of our thinking  
By most is seldom used  
Thought is that which stands alone  
Intangible but true  
An everlasting memory  
Of all that will be you.*

## Mrs. Neal thanks voters

**EDITOR** — There come rarely in one's life such experiences of honor and excitement as that which I experienced on Nov. 3, when many of you, fellow Westland citizens, chose to re-elect me to City Council. Since I am not able to meet and thank each of you personally, as I would like to do, I would like to thank you here.

I am very grateful for the opportunity to continue to serve you. I will do that to the best of my ability, and I will not betray the trust you have placed in me.

There are usually a few individuals who, stand out in any endeavor. However, the campaign I conducted is an exception, since so many people worked so tirelessly on my behalf. I am very thankful for the precious gift of time everyone took from their busy lives to give working on the campaign.

There are two citizens, however, whose sacrifices, tirelessness, and efforts in the face of extreme physical hardship require mention. Without the encouragement, love, support and endless help of my great parents, Herb and Vi Ross, I could not have withstood the difficulties of my last year on City Council and this campaign.

I am excited at the new direction that our city has taken with your help in the recent election, and I am looking forward to a better Westland for all of us.

Once again, I thank you for your support and faith in me in the past; and I thank you in advance for your support in the future.

## 'Heaven Can Wait' was beautiful

**EDITOR** — May I please say that the Associated Newspapers' Chief Photographer, Lothar Konietzko, should receive an award for his beautiful photo of the dancing couple which appeared in The Associated Newspapers' Editorial Page on November 6.

The picture, captioned "Heaven Can Wait" was just beautiful. I was so touched that I could not stop looking at it.

## Wayne grid fan says 'Thank You'

**EDITOR**—The spikes are put up for another year. The uniforms and pads are ready for storage, as another high school football season comes to an end.

Wayne High went down in defeat to the mighty Rockets of John Glenn and ended a long and tough season. No, we did not have any All Staters this year, but we had a team of hard-working, hard-hitting young men. Young men who each and every week would not give up.

To the Seniors of Wayne High, "thank you," for another season. Remember it with pride and dignity. To the underclassmen of the team of "81," you will have another chance next year.

Congratulations and good luck to each and everyone of you who proudly wear the Blue and Gold.

## Reflections

### I've never told this story

This is the story of Jeremiah Daniels. Jeremiah has long been dead but his story came to me through his brother. The brother received the story through a journal he found on Jeremiah's body when he died. The brother is now dead, and I don't know where the journal is, but the story of Jeremiah has been close to me ever since I first heard it many years ago.

Jeremiah went out west by wagon train. He had always been restless and when the opportunity came for him to serve as a Scout for a westward bound wagon train he jumped at the chance.

And on that trip he fell in love with a young woman who was traveling west with her parents. Just before they reached their destination in Oregon the two were married, and there was no happier man in the world than Jeremiah Daniels.

He built a log cabin on a parcel of land nestling up against the foot of a

mountain. In the distance one could see the river and the tall trees whispered messages each evening to the young lovers.

When they discovered they were going to be parents, their joy seemed boundless. Jeremiah built on another room and added another fireplace to keep the little one warm. Sarah knit booties and made clothes for the baby, and as Jeremiah built a cradle, she made the bedding.

One cold, cold night in November the baby was born. But something happened and the baby never opened his eyes. And when Sarah discovered that her baby was dead she closed her eyes, never again to open them. Jeremiah was beside himself with grief. He left his cabin and went off into the mountains where he remained for the rest of his life. His grief was overwhelming, and his loneliness lay on his heart.

One spring evening as he laid on his back by a mountain stream, his eyes searching the heavens, almost be-

lieving that the twinkling stars were the eyes of his beloved, he heard a soft sound. Turning his head he saw her. His beloved Sarah was standing by his side, looking down on him and smiling. He reached for her, part of him knowing she was a figment of his imagination, but part of him longing to be assured that Sarah was not really dead. And so he reached for her, and he felt her hand slip into his. He pulled himself up and she came to him. He felt her soft body against him, and he heard her gentle breathing.

"Sarah," he said, "Is it really you?"

"Yes," she softly answered. "It is me."

After a little while Sarah pulled herself away and said she must go, and before he could protest, she had disappeared.

"I must have been dreaming," he wrote in his journal. "But if it were a dream, I pray to God that he never lets me awaken."

### Chutzpah, sisu and you

I met a woman yesterday who had read every Barbara Cartland and Georgette Heyer novel she could get her hands on. Somewhere along the way she decided she could probably write one of those books herself if she really set her mind to it.

One night, just to see how one goes about doing it, she wrote a first chapter.

When she finished writing, she saw that it really was a first chapter, and she was so thrilled she put it in an envelope and sent it off to a well-known publisher of Regency novels. She didn't even wait for morning, in case she should chicken out. She had no writing background except for a short stint at writing fillers for a small newspaper as a teenager.

Nevertheless, it turned out that the publishers liked her chapter and offered her a contract with a \$5000 advance against royalties.

They sent her \$2500 upon receipt of the signed contract and told her they would send the rest when she finished the book.

She had no idea where the story was going beyond the first chapter, not believing for a minute that any publisher would be crazy enough to take her on. The arrival of the contract scared her so much she couldn't write a word for two months. But she did finish the book eventually and, while it may never make a best-seller list, she gets great satisfaction from walking into local bookstores, marvelling at the fact that her book is on their shelves.

I met another woman yesterday who writes one-page poems called

"odes" and gets \$300 apiece for them. (I'll save you the trouble of looking up "odes," since I had to anyway: A lengthy lyrical poem, usually rhymed, often addressed to some praised object, person of quality and characterized by exalted style.)

How she came up with the \$300 figure was that someone, after having seen the ode she had written for her hairdresser, asked her if she would write an ode to him and his business.

When he asked her what she charged, she realized that she hadn't thought about it much but if she was going to make any money at this thing, she had better charge a healthy fee.

Three hundred seemed like a good healthy number to her.

That's chutzpah.

"Sisu" is a Finnish word first heard by the rest of the world during the winter of 1939-40, when the Russians invaded Finland and bombed towns without a declaration of war. They set up a puppet government and fully expected to take over the whole country within a matter of days.

The Finns, with only nine divisions, but with guts, grit, determination — sisu — held off the Red Army's 45 divisions for 105 days. "Sisu" is a byword for Finns, even today. It's what keeps them going when everyone else thinks they can't go on.

Many years ago, a cousin of mine was laying in a hospital bed drifting in and out of consciousness. During one of her lucid moments she overheard the doctors outside her door saying, "Let's work on so-and-so instead. This one's not going to make it

anyway."

It was the first she knew she was dying. She wanted to shout, she wanted to yell — but she was too weak to even open her mouth.

Instead, she said to herself, "Die? Like Hell I am. I've got babies to raise!" Her oldest "baby" is now nearing the quarter-century mark and, while my cousin has had many setbacks and knows the insides of too many hospitals up and down and sideways, she still teaches full time at a school for the handicapped and she still looks gorgeous in a bikini. (If I didn't love her so, I could really...)

Last winter her father — my uncle — lay dying of leukemia at UCLA Medical Center. The doctors had already told the family to go home and make preparations — he probably wouldn't live through the night.

Early the next morning, my aunt steeled herself to call the hospital and was told that not only was he awake, he had the whole ward in a tizzy with his demands to go home.

Could they come and get him soon? When I saw him last, at the end of summer, he was busy ripping out walls in his cabin so that we could see the lake better.

That's Sisu. The power of positive thinking, a phrase made popular by Dr. Norman Vincent Peale, came into play in Westland just last week. Chuck Pickering, a dark horse candidate if there ever was one, won the mayoral election over Tom Brown, well-known and respected former mayor and current state representative, by a landslide.

JOYCE HAGELTHORN

The next evening at the same time, Sarah was back. He held her and loved her and talked with her...and then she disappeared, only to return again the next night. And so it went for many many years. Sarah never failed to come and Jeremiah never failed to record it in his journal.

One evening Jeremiah wrote that he was very tired. He had grown old. His beard was white, and he longed to slip away forever with his Sarah.

There were no more entries. Two trappers happened to stumble upon his body lying beside a mountain stream. In his hand he held a clean, white hair ribbon, the kind that Sarah had always worn.

MONA GRIGG

When the votes were counted, Pickering was as stunned as everyone else. "I didn't think I could do it," he said, suggesting that he had had doubts about his success during his whole campaign. If he did, he never let it show. He went from door-to-door, canvassing nearly the entire city, introducing himself and presenting his platform. It must have been what the people wanted to hear, because here he is, the mayor-elect of a city of 84,000 people.

Burma Wertz, councilman-elect of the city of Belleville, did pretty much the same thing. There had never been a woman sitting on the Belleville council in all the city's history, and there was no reason to think that Belleville was ready for it yet.

But try she did with an admittedly low-key campaign and not only did she win, she was the highest vote-getter. (Burma, you rascal — you really meant it when you said, years ago, as we lay on the sands at Baldwin Beach that you were going to do something big someday! I really meant it when I said it too, but...)

So there you have it folks. Chutzpah and Sisu and the Power of Positive Thinking. Now get to work!

## Running in traditional form

# 11 prep harriers join an elite All-Area

By JIM BRADLEY  
ANP Sports Writer

This area has always produced top-flight Cross Country talent and this year is no exception.

Five seniors, five juniors and one runner labeled a "Super Soph" make up the 11-man ANP All-Area Cross-Country team for 1981.

Collectively the group led their six high school harrier squads to two league championships, three 2nd place finishes and a fourth place spot in an outstanding season.

Here is a thumbnail sketch of this year's All-Area Cross Country squad:

**DAN SMITH, Cherry Hill.** The Spartans' only All-Area selection is a 16-year-old junior who was running his first season of cross country.

However, he comes from a family of all-area runners. His brothers, Mike, Scott and Kurt, were members of All-

Associated Newspapers  
Section B

Area teams of the past. Smith was undefeated throughout the regular season and was a member of the All-Invitational teams at Lincoln Park and the Downriver Invitational.

"Dan is possibly the most talented of all the runners I have ever coached," said Joe Grasley, who has coached har-

riers at Cherry Hill High School for more than 15 years.

"That says a lot when you consider some of the outstanding talent that has come out of Cherry Hill," Grasley said.

Dan finished 3rd in the Class B regional at Linden and qualified for the state finals but could not participate because

of illness. He was the individual winner of the Tri-River League meet and led the Spartans to a second place finish for the season.

**PETE STEPHENS, Westland John Glenn.** The Rockets' team leader the past two seasons, this 5-11, 140-pound senior carries a 3.6 grade point average

and was named All-League in 1980 and 1981.

The 17-year-old team captain, an All-Area selection last year who finished 23rd in the state finals, injured his eye on the evening before this year's regional meet and was prevented from qualifying for state this year.

"Pete is a very intelligent and talented runner who has provided leadership for our team the past two years," said Rocket coach Jerry Szukaitis, who always seems to turn out excellent harrier squads.

"He has been a valuable member of our team and we certainly will miss him when next season rolls around."

Among Stephens' other 1981 accomplishments were a 1st place finish in the Early Bird Invitational, 6th in the Schoolcraft Invitational, 1st in the Alpena Optimist Invitational, 3rd place in the Western Wayne and 4th in the Redford Union Invitational. His best time for 5,000 meters is 15:55 minutes.

**KEITH KIESZNOWSKI, Wayne Memorial High School.** This 5-8, 135-pound junior led the Zebra harriers to an undefeated Great Lakes Eight Conference championship, as well as first place finishes in the Schoolcraft Invitational and Western Wayne Invitational. They were also regional runners up.

"Keith ran through injury much of the year and is a totally dedicated runner," said Brian Watson, Wayne Memorial's cross country coach.

"He is possibly the most dependable runner I have ever coached."

Kiesznowski led the Zebra squad most of the season. Watson pointed out, and finished 12th in the league meet to be voted All-Conference by the coaches.

He finished 15th at the regionals and 29th at the state finals. One of his best races was his 9th place finish in the prestigious Schoolcraft Invitational.

**RANDY FRANK, Westland John Glenn.** It seems all of Glenn's harriers have great minds as well as strong legs. Frank, like Stephens and Gibson, has a 3.6 grade point average.

The 17-year-old 5-11, 133 pound senior suffered a mid-season injury but improved to such an extent he finished 17th in the regional and 25 in the state finals.

"Randy was the most improved Glenn runner in his junior year. The mid-season injury slowed his progress this year, but he improved greatly near the end of this season," said Coach Szukaitis.

Frank, who barely missed making All-League in the Northwest Suburban League by finishing 9th in the conference meet, posted 16:26 as his best time for the 5,000 meters.

**JOHN FISHER, Belleville.** Rounding out this year's edition of ANP's star-studded All-Area Cross Country team is this Belleville junior who performed in his first full varsity season.

He led the Tigers to an 8-5 record and a 4th place in the Suburban Eight League with his 10th place finish.

"John was a very hard worker who always ran the required practices," said his coach, Gary Reffitt. "It obviously showed in his performances as he lowered his times by almost a minute over the last few weeks of the season."

"He is unique in that he listens to instructions during the race and tries his best to do what I've told him."

The upcoming track season in the spring should be exciting as Fisher ran 2:06 in the half-mile race last year as a sophomore. "We're looking forward to John having outstanding performances in the future," Reffitt said.

**TOM GIBSON, Westland John Glenn.** He was the "mighty mite" of the Rockets at 5-4, 111 pounds. The 16-year-old junior also carries a 3.6 grade point

## Gridders debut next week

Who are the top high school gridders in the area for the 1981 season? That question will be answered next week when the Associated Newspapers' sports staff announces its blue-chip line-up which will consist of

players from area schools. Also honored will be the ANP's "The Coach of the Year". For a Thanksgiving treat, don't miss next week's edition.

## Wayne, Glenn clash in first round of girls' cage playoffs

Wayne Memorial's lady Zebra basketball team split a pair of contests over the last week, losing to highly rated Plymouth Canton 78-37 but defeating Great Lakes 8 Conference rival, Taylor Truman, 34-32 in double overtime.

The Truman game was a masterpiece of coaching strategy on both sides, with Wayne coach Bill Hawley emerging with the victory.

With the teams tied at 32 after regulation play, the first overtime period saw Truman staying in a tight 1-2-2 zone and Wayne trying to draw the opposition out of it. Neither side would give in, and the game remained tied after the first extra five minutes.

Truman finally made the final mistake in the second extra period as they loosened the zone and came out after Wayne.

Point-guard Brenda Engle made one fake and drove toward the basket where she was fouled in the act of shooting.

The diminutive senior calmly stepped to the line to sink both free throws and gave the Zebras the victory.

Cherie Fowler led the Zebras with 13 points, Bar Engle had six and Brenda Engle and Becca Schaffer ended with four each.

Jennie Daily, back from an early season injury, tossed in six more for the winners, while Kris Poteau rounded out the scoring for Wayne with two points.

Sharon Godowski led Truman scorers with 12.

The Canton game belonged entirely to the lady Chiefs as Sue Gerke, Patty Roberts, Cindy Sourné, and Pearly Cunningham combined for 54 points to lead the route. Gerke led all scorers with 20 points. Brenda Engle led the Zebras

with nine points.

Wayne will now prepare for the district playoffs beginning Thursday night. Wayne will meet arch-rival John Glenn in the first round, with the winner playing Saturday night against Ann Arbor Pioneer.

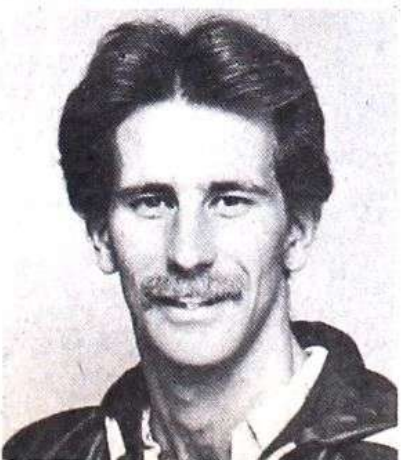

In the other half of the tourney, Plymouth Canton will face Ann Arbor Huron Thursday night with the victor advancing to the Saturday semi-finals against Plymouth Salem.

Canton's game will begin at 8 p.m. Thursday while the Wayne John Glenn matchup precedes it at 6 p.m.

Hawley feels that the team will be hard pressed in the districts.

"There are three really tough teams in that district, but our girls have played better every game, and anything can happen in a tournament," said Hawley.

BRIAN WATSON

## 'Coach of the Year'

## Wayne's Watson had near perfect season

Brian Watson's cross country team was "untouchable" this year in the Great Lakes 8 Conference.

Watson, a young and enthusiastic coach who is a product of Wayne Memorial athletics and who returned to guide the Zebra harriers as coach a year ago, had an exciting season in 1981.

Wayne captured the prestigious Schoolcraft Invitational crown and added the Wayne Invitational and con-

ference titles to its record before going on to an exceptional 9-1 dual meet record.

The Zebras' only loss during the campaign was to out-of-conference rival, Dearborn Edsel Ford, which rocketed through the season with an unmarred and undefeated record and the 1981 Class A state crown.

For his superb season and contribution to the sport, Brian Watson this week

was singled out as The Associated Newspapers' "Coach of the Year."

"Everywhere you look nowadays you will see people running," Watson said. "Running is the key to personal health, and, if a few years ago it was difficult to get young runners to get interested in distant running, it isn't today."

"And I think the success of our program is that the kids are devoted to running."

Watson, who is 23 years, old and an alumni of the All-Area club, presently is majoring in psychology at Michigan State University.

As a prep, he lettered in cross country and in wrestling.

Wayne has had a tradition of producing outstanding cross country teams and coaches — and one of the reasons for the tradition is coaches like Brian Watson.

## Upsets rock Over 30 hockey

Upsets were the name of the game during the sixth week of action in the Wayne-Westland Over 30 Hockey League.

Both division leader Tastee Freez and the second place Brock Builders skated off the ice with losses tied to their records.

In the meantime, Family Heating and Benny's Pizzeria carded victories. Tastee Freez remains in first place with Brocks. Family Heating and Benny's Pizzeria tied for second place, two points behind the leader.

In the Bonkowski Division Jake's Lounge advanced their record to 5-0-1 to maintain a slim 2-point lead over Little Bill's Trophies. Johnson's Carbonic and Futurama are keeping their sights on the leader.

Tastee Freez ran up against a hard-skating Johnson Carbonic squad and was handed a 6-4 loss.

Ron Johnson netted the puck twice for Johnson's Carbonic. Mike Villemure scored one goal and assisted two. Phil McDonald tallied once and picked up one assist.

Also accounting for single tallies were Terry Jobbitt and Gary Naumoff. Bob Capler, Ron Hays, Phil Cerne and Ken Carter finished with one assist.

Dave Frankling led Tastee Freez with two goals and one assist while Bob Eggers and Dave Cherry netted the puck once. Bob Wood had two assists while Dennis Broge finished with one.

Little Bill's scored three goals in the third period to secure a 3-2 win over Brock Builders. Single tallies were carded by Gene Taurainen. Joe Soukup and Ron Swider. Swider's goal was into an empty net. Jim McMaster and Al Robertson picked up one assist each.

Brock's Builders got on the scoreboard first on a goal scored by Jack Willard. Dennis LaPensee accounted for Brock's second goal with 137 seconds remaining in the game.

John Colligan assisted on two goals while Ken Murray and Larry Kaifesh picked up one assist.

Family Heating held off a third period attack by Futurama Engineering to take a 8-6 win. Norm Beasley finished the game for Family Heating with three goals.

Marty Woytovich tallied twice and picked up one assist. Dan Kubany netted the puck twice and Dennis Darnell scored one goal and picked up one assist.

Ray Erickson picked up two assists while Glenn Stevenson, Joel Layne, Pat Brown, Ernie Kelm and George Klemper received one assist.

Futurama's attack was put on with Dave Milam scoring two goals and picking up two assists. Dave Zielinski and Tom Bryan's tallied once and each received one assist. Ron Tyranski and Dave Roberts rounded out Futurama's scoring with one goal apiece. Conrad Madaleno assisted two goals, while John McFadden finished with one assist.

## Top prep runners are honored

(Continued from 1st Sports)

average and Coach Szukaitis looks to him to lead next year's team.

"Tom is a very consistent hard worker and we will build our 1982 team around him," Szukaitis explained.

Gibson earned All-Area honors last year as well as notching All-League laurels in 1980 and 1981. He turned in brilliant performances in finishing 9th in the regionals and 16th in the state finals this year.

The consistent runner finished 6th in the Early Bird Invitational, 5th place in both the Schoolcraft and Alpena Optimist Invitational, 6th in the Western Wayne Invitational and 11th in the Redford Union Invitational. His best time for 5000 meters is 16:17.

**GARY VALLANCE**, Wayne Memorial. Built almost exactly like his teammate Kiesznowski, Vallance (5-7, 130) was just as valuable to the Zebras' outstanding season.

The smooth-striding junior finished 6th in the league to be voted All-Conference, notched 15th spot in the prestigious Schoolcraft Invitational to help Wayne win team honors and wound up 23rd at the regionals. He was injured at the state meet.

"Gary is probably the most improved runner in the area," assessed Coach Brian Watson. "After a 3-month layoff, he was up in front at all meets after just a couple of weeks. He's a very tough runner who never gives up."

**CHRIS ZIMMER**, Livonia Franklin. Serving as Co-Captain of the Patriots' harrier squad with White, this 5-9, 145-pound senior also was an All-League selection.

"Chris has been a solid, dependable performer for three years," said Coach Holmes. "He never runs a bad race and

you can always count on him to do a good job."

Zimmer finished 8th in the regional and 34th in the state meet. He was named to the All-Livonia team by finishing in the first seven among that city's four high schools. He was among the top 10 in the Western Wayne Invitational and notched 8th place in the prestigious Schoolcraft Invitational.

**MIKE WHITE**, Livonia Franklin. This smooth-striding senior co-captain hauled in a basketful of honors this fall. The 6-foot, 160-pound three-year star captured the individual regional championship as well as the Livonia high schools — Franklin, Churchill, Bentley and Stevenson — ran head-to-head.

"Mike is an extremely hard-worker," said Coach Bob Holmes, who has produced outstanding runners for a long, long time. "But let me say something. When he came to us a sophomore, he was only a so-so runner and I expected that I knew what he would do over the next three years."

"However, he showed exceptional improvement this year and I asked him how he did it. 'I just worked harder,' he told me," Holmes explained.

Among his other honors this year are an excellent 9th place finish in the state finals, a fourth-place in the Western Wayne Invitational and a 4th place in the Schoolcraft Invitational, which had 21 teams competing.

Another laurel he cherishes very much is being named All-League for 1981.

"Mike really came on strong this year and it was beautiful to see him do so well. He really earned it," Coach Holmes said.

**DON MILLER**, Livonia Churchill. This "Super Soph" has possibly the

brightest future of this year's All-Area team. A slender 5-10, 135 pounds, he was the number one runner in every dual meet except one.

"He's the best sophomore at Churchill since 1975 and he could turn out to be the greatest in the school's history," beamed veteran Coach Dave Westover, who has seen his share of brilliant runners.

"We're looking for great things from Don and other young runners on our cross country squad. We just might develop into a very good team," said Westover, whose Chargers finished runner-up to champion Northville in the last year of the Western Six League. Next year Churchill will enter the Western Lakes Conference with a new alignment of schools.

The 15-year-old Miller finished 3rd in the Livonia city meet, 7th in the Western Six League meet, 10th in the regional and 29th in the state finals.

For his efforts, he was named All-League and has a very bright future ahead of him.

**MIKE BLAIES**, Livonia Churchill. This 3-year varsity runner has a very familiar last name, a name that has been carried on the gridiron and cross country courses in the past.

The 5-6, 140-pound senior was healthy this year for the first time in his career and performed very well.

"It seems that Mike has been sick every year except this one," explained Coach Westover. "When he came to us as a sophomore, he ran a 4:35 mile. However, illness prevented him from developing his potential until this year. And Mike's had a very good season."

Blaies finished 6th in the Western League Meet, was 4th in the Livonia city meet and 16th in the Rockford Union Invitational.

## Pointing the way

Quarterback Rick Wilson listens to and receives direction from head coach Chuck Gordon who appears to be showing his young signal-caller the way to go. Wilson and the Rockets apparently had no problems following Gordon's direction as they emerged from the 1981 prep grid wars with an enviable 8-1 over-

all record and a share of the Northwest Suburban Conference championship. Next week the Associated Newspapers' will unveil its 1981 "All-Area" high school football team, and, obviously, Gordon and the Rockets will have their share of players on the coveted club.

## WYAA is seeking cagers for leagues

The Westland Youth Athletic Association is seeking young cagers for its three Junior Basketball Leagues which will begin action next month.

The leagues, divided up according to age groups, will consist of a junior (10-11); intermediate (12-13) and senior (14-15) division.

There will be separate leagues for

boys and girls and registration will be accepted from 10 a.m. until 2 p.m., Saturday at the Bailey Recreation Center on Ford Road, between Wayne and Newburgh.

There is a \$15 registration fee for the first child and \$10 for each additional child in the same family.

Further information may be obtained by contacting Rich Foy at 261-5352.

The WYAA's special membership meeting is scheduled for 7:30 p.m., Thursday, also at the Bailey Recreation Complex. Ballots for the election of officers will be available from 7 to 8 p.m.

WYAA is seeking coaches, managers and officials for its cage programs which it has agreed to organize after taking them over from the city.

## After falling to R.U., Glenn swimmers head for league

Westland John Glenn swimmers finished up the Northwest Suburban Conference dual meet campaign on the short end of a 89-83 decision with Redford Union.

Coach Debbie Sanders' girls garnered five of the 11 first places and two of those established school varsity records. Robin Gow continued her personal assault on the varsity marks by plowing her way to a 2:08.4 to capture a first for the 200-yard freestyle, while teammate

Kris Johnston turned in with the record for the 500-yard freestyle as she churned a 5:53.6.

Glenn's premier diver, Shon Pilarski piled up 184.40 points for her first; Cindy Walkuski and Sandy Martinez chipped in the 100-yard butterfly (1:13.5) and the 100-yard freestyle (1:00), respectively.

Coach Sanders' 400-yard freestyle relay combination of Paula Taylor, Martinez, Gow and Johnston finished with the winning time of 4:14.0.

As the Westlanders head into the league championships they find themselves trailing undefeated North Farmington (5-0), Redford Union (4-1), but are ahead of Garden City East (1-4) and winless Thurston (0-5).

The league championships will be decided at Thurston on Nov. 20-21. Preliminaries for the diving competition will begin at 4 p.m. on Friday, while the swimming prelims are scheduled for 7 p.m.

The finals will start at 2 p.m., Sat., Nov. 21.

goals in each period to take a 9-4 win over All Sorts Sports.

Once again, Dave Zajac finished with high points by scoring a hat trick and picked up three assists. Rod Dittmar also had a good game netting the puck twice and assisting two other goals.

Moe Paquette and Claud Johnston each had single tallies and two assists.

Rounding out Benny's scoring were Larry Monticello and Dave Weaver with one goal apiece. Picking up the assists were Tony Ianni with three, while Chuck Heebst, Dale Hayes, Dave Fishwick, Curtis Oger and Dave Weaver finished with one assist.

All Sorts Sports did all they could to keep the game interesting with Ron Wojewski, Mark LaFond, Larry Holt and Jim McClure netting single tallies. Wojewski scored his goal on a breakaway and later picked up an assist. John Castellanos assisted two goals while John Mendler and Dick Burns picked up one assist.

Jake's Lounge continued its winning ways by skating past Etronic 3-1. Etronic got on the scoreboard first on a goal scored by Al Pulk with Ken Howe assisting. Jake's Goalie John Ruggiero III slammed the door on Etronic while Mike Forynski, Rick Mullen and Terry Lindsey scored for Jake's to secure the victory. Mullen also picked up one assist in addition to his goal. Keith Middaugh assisted on two goals. Jake Davidson and Jerry Peterson finished with one assist.

The games scheduled for Sun., Nov. 22, match up Etronic and Johnson Carbonic at 7:30 p.m., Benny's Pizzeria will play host to Futurama Engineering at 9 p.m., and Family Heating skates against Little Bill's at 10:30 p.m. All three contests will be played at the Westland Rink.

On the same evening at Wayne Rink: Brock Builders will meet with Jake's Lounge at 8:30 p.m. while Tastee Freez and All Sorts Sports play the night cap at 10 p.m.

## Our Senior Citizens — They Deserve Better

IAN A. GRASSAM, D.C.

Who's the forgotten citizen in today's society?

Too often it's the senior citizen or other persons living on fixed incomes. In a world of double-digit inflation, shrinking services and soaring interest rates, our seniors and those on general assistance programs have been left unprotected in too many instances.

Sure, everybody complains about taxes and inflation, but how many of us have tried to cope living on a fixed income? For many of those 65 and over it's a time of retirement they've looked forward to and dreamed about for years.

Now that retirement is here, the financial security of life in 1981 has put a damper on those dreams. Runaway inflation has a way of dehumanizing those unable to keep pace. What a poor way to treat the very people we should be thanking for their lifetime of contributions towards our government, our schools and our churches.

The senior citizens I've come in contact with aren't looking for charity or some kind of handout. They just want a chance to live a life of dignity and I certainly think they've earned that sense of dignity.

For the month of November the Grassam Chiropractic Life Center will show its appreciation of today's senior citizens. We want those on Medicaid, Medicare and other general assistance programs to know that we understand the difficulty of their plight.

During November all Medicaid and Medicare expenses normally paid for by the patient receiving chiropractic care will be absorbed by the center. There will be no charges for any deductibles, including office call and annual deductibles, nor any charges for examination or required x-rays normally picked up by the patient.

In short, no out-of-pocket costs will be incurred by Medicaid or Medicare patients.

The thought of a senior citizen, or anyone for that matter, continuing to suffer from such ailments as back and leg pain, headaches, allergies, deafness, stiff neck and numerous other conditions simply because they're financially trapped is appalling. Chiropractic care is the way to a healthier life — and that's priceless.

During November our staff will show those on fixed incomes how chiropractic can change their lives. Medicare, Medicaid, A.D.C. and general assistance patients should simply call the center at 422-7800 for an appointment.

We don't consider this health care as charity. It's our way of helping those most affected by the economic realities of today.

It's also our way of saying "thank you" to those senior citizens who have given so much to improve our standard of living. Those of us at the Grassam Chiropractic Life Center have not forgotten about you, the senior citizen.

We look forward to seeing and treating you in November.

- Doris Clark** Livonia  
I think this is super! I am on social security and I need to always count my pennies in these rough times. This will also allow me a little more freedom for my trip to Charlevoix this weekend.
- Evelyn Hicks** Garden City  
Very nice of Dr. Grassam. This will save us some money for our trip to Knoxville, Tenn.
- Mary McMahon** Canton  
Will save some money for more Christmas presents for my 8 grandchildren.
- Mark George** Livonia  
Will help me provide a few extras for my wife and daughter.
- Louise Murch** Westland  
Will help me save more money for grocery shopping. I'm going to buy the milk I've needed on my way home.
- Ardie Rood** Westland  
That's great I feel good after my adjustments and now there's no charge for me to come in I'll be back every other day and feel great.
- Bertha Hafstad** Westland  
Now we can get an adjustment then breakfast for free.

- Pearl Sears** Wayne  
It's wonderful! Too bad the other Dr's in the Detroit Metro area aren't doing it. We've already referred a few of our friends in Dr. G's just wonderful!
- Ruth Quint** Westland  
It was inexpensive before, but this is great!
- Gaylord Hatch** Westland

- Barbara and Giles McFarland** Union Lake  
We drive 35 miles to see Dr. G and wouldn't go anywhere else. We tell all our friends and our kids come here.
- Ila Underhill** Farmington Hills  
Haven't had a chance to get out to spend my extra cash savings from the program but I'm thankful to be thought of.
- Catherine and Vaughn Custard** Livonia  
Real thoughtful of Dr. G. When you're on a fixed income every dollar counts.
- Jessie Turnbull** Westland  
I think that its Grand. I'm glad someone is trying to do something about our situation.
- Gladys Schroeder** Wayne  
Dr. G's a Jolly ole chap! Very generous I intend to write him about it. He's so generous I think the \$2.00 charge is so inexpensive for what we get out of it.
- Dee Jones** Garden City  
When you're living strictly on Social Security it's tough. This really helps.

## DRAMA

## Musical, auditions highlight activities

Old and tired tale is updated.

## Director fails this time

"Rich and Famous," MGM, released through United Artists. Directed by George Cukor. Written by Gerald Ayes. Starring Jacqueline Bisset, Candice Bergen, David Selby. Rated "R". ★★

By J. T. YURKO  
Special to Playtime

George Cukor is a master film-maker for many reasons, but certainly foremost among them is simple longevity.

He directed his first film in 1931 — exactly one-half century ago. In those 50 years his films have garnered 29 Academy Award nominations and brought actors and actresses from obscurity to superstardom.

Some of his titles are on any movie buff's list of favorite films: "The Philadelphia Story," "A Star Is Born," "Little Women," "My Fair Lady." But although Cukor may be a master filmmaker, "Rich and Famous" is no masterpiece.

Cukor has been called a "women's director" as he has drawn some legendary performances from some legendary ladies including Garbo, Colbert, Hepburn, Harlow, Judy Holliday and others. So he seemed a natural choice to direct this story of the friendship of two friends whose relationship spans a lot of years and a lot of tears. Essentially it's an old

and tired tale, updated only by a few scenes of sexuality that wouldn't have passed the censors for most of Cukor's career. One is a scene with a young gigolo and Bisset, and the other is Bisset and a quick pickup on a plane who give new meaning to the term "Fly United."

Aside from these isolated moments, much of the film looks like it was directed by a director from Hollywood's past. For instance, to show passage of time Cukor actually shows candles burning down, something that would get a C minus in today's film schools.

Cukor has always been a director who stressed dialogue over visuals, and "Rich and Famous" is no exception. But the dialogue here is forced, melodramatic repartee that screams its contrivance.

I suspect that women will like this film more than men, neurotic sophisticates in particular, and if you happen to live in trendy New York or Malibu it would help. That's a pretty select group, but fortunately Cukor is already quite rich and deservedly famous for much better than this.

The Theatre Guild of Livonia-Redford will present the musical "The Robber Bridegroom" on three weekends (Nov. 20, 21, 22; Nov. 27, 28, 29, and Dec. 4, 5) at the Theatre Guild Building located at 15138 Beech Daly, south of Five Mile Road in Redford.

Curtain time is 8:30 p.m. (7:30 on Nov. 22 and 2:30 on Nov. 29) with tickets priced at \$6.

Written by Alfred Uhry, the bluegrass tale is set in Rodney, Mississippi.

Ticket reservations are accepted by calling 522-1526.

Auditions for Neil Simon's "Chapter Two" will be conducted by the Komed Players Dinner Theatre of Allen Park on Nov. 23 (Monday). Those interested in the production should prepare a two-minute monologue of suitable material

and call 661-1383 for an appointment.

"Chapter Two" will

open on Jan. 29 and run through April 3 with Friday and Saturday evening performances and

Sunday matinees on occasion. Shows will be presented at Bambi's Welcome Mat in Allen Park.

## Marshall Methodist Church scene of October wedding

The United Methodist Church of Marshall was reserved October 24 for the double ring rite which joined in marriage Diane P. Thompson of 6239 Rick St., Ypsilanti, and Howard W. Spence, NAS, of Jacksonville, Fla.

Some 40 close friends and relatives witnessed the four thirty o'clock ceremony conducted by The Rev. Filbrandt.

The daughter of Donald and Dorothy Hartung of 1121 Orchard Dr., Marshall, the bride was given in marriage by her father. For her wedding day she selected a white knit floor-length gown cut in the empire mode with a Queen Anne neckline and long sleeves accented with lace. A detachable hooded cape and mini-train were other styling features of the gown.

In lieu of a veil, the bride wore a coronet of silk flowers and the draped hood of her gown over her hair. Completing her bridal finery was a cascade bouquet of silk blooms designed by a friend of the bride, Jim Lightfoot.

The bride chose her close friend, Linda J. Clayton of Belleville, to serve as maid of honor and her sister, Julianna Marie Terry of Ann Arbor, to be bridesmaid. Their identical gowns were in rust and peach qiana, respectively, the dresses being accessorized by copper belts and shoes reminiscent of the 1940's. They both carried small candles set in rings of silk flowers.

Attending the bridegroom, the son of William and Betty Spence of 142 Southwest St., Hillsdale, were Edward Smith of Chicago, Ill. as best man, and Mike Le Duck of Ann Arbor and Scott Hartung of Marshall, brother of the bride.

At the reception, which followed at Win Schuler's of Kalamazoo, the bride's mother received in a teal blue gown with a companion cape. Mrs. Spence, the bridegroom's mother, chose a mint green street-length frock for the occasion. Both were presented with white silk orchids.

The newlyweds spent their three-day honeymoon at Crystal Lake.

A former teacher in the Van Buren Schools, the new Mrs. Spence holds a teaching certificate from Western Michigan University and is currently doing graduate work at Eastern Michigan University. She will be joining her husband in Jacksonville, Fla., where he is serving with the U.S. Navy, in the near future.

The rehearsal dinner, hosted by the William Spences, was held at the Donald Hartung home in Marshall.

## New England, Niagara Falls on Bator honeymoon itinerary

White chrysanthemums, pink and burgundy roses and white lilies graced the altar of St. Anthony's Catholic Church as Denise Ann Fischer and Gregory Bator exchanged nuptial vows

and wedding bands.

The Rev. John P. Kluka presided at the four o'clock rite before some 175 assembled friends and relatives including Nick and Teresa Fischer of 6131 Hag-

gerty Rd., Belleville, and Walter and Lottie Bator of 6315 Reuter, Dearborn, parents of the young couple.

Music for the October 17 ceremony was by St. Anthony's Folk Group comprised of Chris, Mark, Tom and Julie Villeneuve singing "The Wedding Song" with accompaniment by the bride's sister, Diane Ellison.

Given in marriage by her parents, the bride appeared in a white polyester organza gown designed with a Queen Anne neckline on a little fitted bodice embellished with lace appliques and seed pearls. Her clear bishop sleeves ended in lace-trimmed cuffs which matched the edging on the circular chapel train.

Her silk illusion veil, which drifted to mid-back length, was held by a lace cap and her bouquet, made in crescent shape, included silk roses, tiger lilies and forget-me-nots interspersed with green ivy.

Marilyn Fischer of Charlotte was her sister's honor attendant in a burgundy qiana gown. Bridesmaids in dusty rose ensembles were Diane Ellison of Monroe, another sister; Joann Fischer of Detroit, a cousin; Pamela Nota of Belleville and junior bridesmaids, Monica and Melissa Lewek of Hartland, nieces of the bride.

Their toe-touching frocks were fashioned with criss-crossed bodices cut with V-necklines and short sleeves gathered at the shoulder. They wore rosebuds in dusty rose and burgundy and forget-me-nots in their hair and carried nosegays made up of similar roses, ivory tiger lilies and mini-carnations.

Flower girls were six-year-old Tracey Fischer and five-year-old Lori Lewek, nieces of the bride, who carried baskets containing flowers to match those held by the senior attendants.

Best man was Jerome Harkiewicz of Webster, Texas and groomsmen were John Andrek of Livonia; James Nicholas of Ferndale, a cousin of the bridegroom, and James Kavanaugh of Westland.

Mrs. Fischer wore for her daughter's wedding a long gown of burgundy pleated polyester with a companion capelet while the bridegroom's mother donned a formal pink polyester jacket dress. Both were honored with dusty rose and burgundy corsages.

Some 300 guests gathered at Donovan VFW Hall in Dearborn Heights for the reception which followed. The newlyweds later departed for a 10-day honeymoon to Niagara Falls and the New England states and are now making their home at 25536 Clark, Novi.

A 1978 Belleville High School graduate, the new Mrs. Bator is working as a secretary in the Environmental Engineering Department at Hydra-Matic Division of General Motors in Ypsilanti.

Her husband, who works as a dynamometer technician for American Motors Corporation in Detroit, is a 1973 alumnus of St. Alphonsus High School and a graduate of Henry Ford Community College.

The rehearsal dinner was held at the bridegroom's parents home in Dearborn.

MR. AND MRS. GREGORY BATOR

Dr. Elvin Peets, Superintendent of Van Buren Public Schools, was speaker at the Nov. 11 meeting of the Belleville Woman's Study Club held in the Methodist Church parlor.

Dr. Peets discussed the problems facing the schools during the current economy and the many complexities which affect the school district. Declining enrollment led to closing two schools and cutting staff without greatly affecting curriculum and instruction, although some important enrichment classes have had to be dropped.

State and Federally mandated education for the handicapped must be maintained by law, but is extremely costly and not fully funded by these gov-

ernmental units and must be funded by the local taxpayer.

However, Peets went on, there are some bright spots and one of these is the improving of instruction by state-funded in-service training of teachers. Most of these funds are used to pay substitute teachers while the regular teachers are sharpening their skills in special classes.

A brief business meeting was conducted by president Arlene Smith after which refreshments were served by Ada Peets and Mary Claire Ellward.

The next meeting, Dec. 9, is in charge of the Conservation Department with Violet Bird chairman, Onnolee Wall, and Phyllis Allison.

## St. Anthony's School activities add \$151.65 to UNICEF coffers

The children of St. Anthony's School recently showed their concern and friendship for their neighbors around the world by collecting coins for UNICEF. The pennies, nickels and dimes are used by the United Nations to help sick and hungry children.

Sister Joan Killoran, school principal, announced that a total of \$151.65 was realized through various projects instituted by the eight grades.

In Miss Shepherd's first grade, the "Guess the amount of candy in a jar" resulted in \$6.80 while Mrs. Paquet's second graders' "Grab Bag" grossed \$17.56.

In the third grade of Mrs. Thornell, a play, "The Little Lost Witch" brought in \$23.40 and in Mrs. Sarkisian's fourth grade, the \$6.55 came from guessing the weight of a huge pumpkin.

Hit the balloon with a dart was the challenge for those trying Miss Farkus' fifth graders' game and it brought in \$7.70. A total of \$29.05 was garnered from the Haunted House prepared by Mrs. Gurzo's sixth grade.

In the seventh grade of Mrs. Ryskamp, Pin the tongue on Kermit was the offering and it added \$9.64 to the charity while a grand total of \$50.95 from Mrs. Lama's eighth grade bake sale was added to the UNICEF fund.

## potpourri

By Lee Smith Suburban Living Editor

The doors to a storehouse of culinary memories were swept open last week as I lifted the lid on my shoebox file for a revamping of its contents. So many recipes, I'd been finding, were now obsolete or near-duplicates; some just too much trouble to bother with what with so many new and easy methods developed since my bridehood; others unused for so long they needed tossing; some so dog-eared and spotted they called for freshly-typed cards.

What was amazing about this little task was the realization that dozens and dozens of people were responsible for making my collection such a treasure! The names on those cards! Wow! Some go back a long, long way and, fortunately, I always credited the donor with the recipe.

This is going to really be a "name dropper" column, I want to warn you, and if your moniker doesn't pop up in the next few paragraphs, it's cuz you just never shared a dessert recipe with yours truly.

CAKES (the tabbed divider reads) -- that first division in the box -- is the thickest and probably because cakes are BIG with this gal. There have been SO many good ones over the years and they've been such fun baking and taking to people and places. And, of course, there are those which have proven to be four-star specials -- the ones that've endured over the years.

What lovely remembrances are attached! Of our four favorite chocolate confections, the one of most longevity came from a Thanksgiving dinner when MARY ACKRON defied tradition and served her Double Chocolate Layer Cake to my Mom and the five of us kids and her own siblings as well. The men were Up North deer hunting and Mary decided it'd be much more fun having one BIG dinner rather than the women each preparing a small one.

LEONA VAN BUHLER'S Chocolate Cake, an excellent, quick fudgy dessert, was first sampled on picking up my daughter after a birthday party at the VB home. Being asked in until the girls wound things up, I was treated to what had earlier held a bevy of birthday candles.

"Make your mother's cake this week, okay?" -- would often be BG's request on my baking Saturdays (way back when that was a weekly ritual.) So, out would come that ragged-edged card which read Devilsfood Cake - Angelfood Pan, MOM's recipe. It was always a winner with my four brothers, too, and their wives all learned to keep buttermilk on hand for that very purpose. A heavy, dark, moist cake and a family favorite, it was the first tucked into the file.

Then came the day when we enjoyed an elegant chocolate layer cake lathered with frothy white icing and wreathed with melted chocolate which cascaded down the sides. Oo-ed and ah-ed over at a friend's home, the recipe was copied and made a week later for my own quartet. After that, it was always, "Make Mrs. Hill's cake, Mom!", whenever one of my trio's birthdays approached. Calling for Wondra flour, JOY HILL'S recipe is never a spur-of-the-moment thing since that and buttermilk necessitate pre-planning. And it IS a special occasion cake what with it's festive appearance (and the work involved.)

And what did we ever do before Texas Sheet Cake came into our lives? That wonderfully rich, nutty panful (it makes an 11x17 incher) was brought to our attention by DIANE FERGUSON and goes along with all the big, big gatherings since it really is a crowd feeder and crowd pleaser.

Cheese cakes come and cheese cakes go but "the" Cheese Cake in our clan was first baked by sister-in-law, FLO HUDGE, for either a first communion, family reunion or co-op dinner of some kind. Moist and creamy, it IS "the" best!

And EVERYONE had to have the recipe when JILL GERTH showed up with her Fantasia Pie (really a rectangular cake) in hand for our daughter's college graduation party. Ditto the Chocolate Eclair Cake which our own (non-baking) daughter, SUSIE SMITH, produced as a surprise one day and which I immediately duplicated for the tailgate party that same week.

IMOGENE PENCE, you might like to hear that it's YOUR Carrot Cake which won out over all the others of that ilk with which I experimented. Sampled a wedge at her place way back (daughter Jill was just highchair age) when she was interviewed for and featured in my "Cook of the Week" series.

And it's MAXINE HENDERSON'S Butter Coffee Cake that's ALWAYS included whenever there's a brunch or coffee. The first time we tasted it, SHE wasn't even present. She'd made it for a friend; she, in turn, serving it to us after a movie date. And each time it was produced, the recipe was requested so this one is probably in half the recipe files in Belleville.

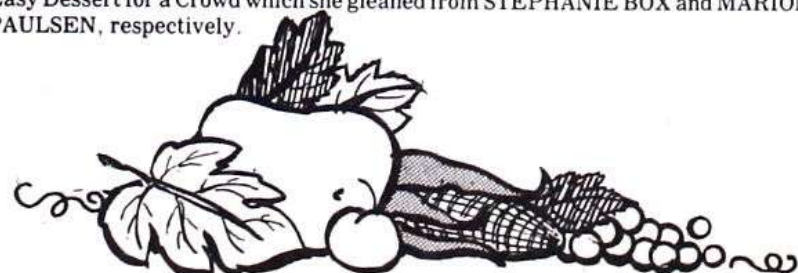

Another that really made a hit was BEV MARTIN'S Fruit Cocktail Cake, one of those easy throw-together gems that never failed to produce compliments and requests for its how-to's. If memory serves me, it (topped with whipped cream, of course) was introduced at a toy or jewelry, Tupperware or Stanley party which so many of us new homemakers hosted in "those days."

Good recipes must run in the family cause the Apple Cake that's baked at our house this time of year is credited to her sister, LOUISE CZAJKOWSKI, who drew rave notices when she served it (eons ago) to the Friendly Few Club. (Remember?) Regal in appearance but deceptively simple to make, luscious Walnut Torte can take well-earned bows each time it's served, thanks to another family member, MARY ANNE HUDGE, who first presented the gourmet dessert for several of us after-the-theater in Ann Arbor.

Another favorite (since it's of the quick-and-easy line) came to us from California courtesy ELSIE WYMAN and we had to put it together ourselves before we could agree that Mexican Wedding Cake was just super to carry along to picnics and neighborhood cook-outs.

And BETTY WILKINSON, your Danish Puff never fails to be on the menu any time I'm planning early-in-the-day entertaining. The custardy texture is the surprise element in this cream puff-based cake which was her contribution to a bowling party buffet.

BEA RAYMOND, a gal who has supplied me with more good recipes than I can remember, has her name on lots of vegetable and casserole cards but when it comes to cakes, she always gave credit where credit was due -- to the person from whom SHE received it. So it is that via Bea we have a marvelous Apple Pudding Cake and Easy Dessert for a Crowd which she gleaned from STEPHANIE BOX and MARION PAULSEN, respectively.

We'd truly be remiss if we didn't include JEAN STONE'S Pineapple Cake Dessert -- one of those yummy, creamy things you find yourself just piggling out on. Her contribution to an after-golf potluck, this melt-in-your-mouth finale drew hm-m-mms from even the so-called dessert haters.

After cakes, the Cookies, Pies and Desserts sections of ye olde shoebox (it's even getting that "antiqued" look) run a close second on "obesity." And JANE ROCKWELL, it's still that Potato Chip Cookie you introduced to our old card club that gets baked whenever that bag of chips nears its crumbling demise.

NELLIE GALL gets honors for Apple Hermits, so apropos for the autumn season, and which we enjoyed with our coffee so long ago during those Glenn Rotary days. And my Southern Belle friend, GWEN LIEBELER'S Golden Nuggets get the nod whenever there's surplus crushed pineapple in the 'fridge. They showed up during a bridge lesson at her home one evening.

Whenever it's too hot to bake or there's a power failure, ANN SMITH, it's your Fudgy No-Bake Cookies which get put together. Like your sister's potato chip goodies, they were a card club dessert.

FRAN STAPLETON'S Unbaked Blueberry Pie, a Kiwanis corn roast favorite, always fills the house with its aroma when those wonderful plump berries are in season and MADELEINE MUSE (another who starred in "Cook of the Week") is responsible for some of the apples which get used up so beautifully in her Pecan Apple Pie.

Brown Bread is always a "must" in our house at Christmastime ever since our former neighbor, GOLDA HOOK, gifted us with one of her little round loaves when we were still a one-child family. Honors for Old Fashioned Bread Pudding (NEVER throw away stale bread) go my aunt, LILLIAN SIETZ, who experimented with the new-found recipe, had great reactions from HER family and sent us the how-to's figuring we'd enjoy it, too.

And before zucchini became a household word, my mother-in-law, ETHEL SMITH, had been baking Pineapple-Zucchini Bread for ages! The recipe we always turn to when the harvest is in, it brings to mind so many pleasant times at their home. Our own first-born, now LUANNE SCHONFELD, treated us to Apple Pudding on one of our trips north of the Windy City and 'twas so-o good we requested a re-run on our last visit.

DIANE HOULE -- are you out there? I still recall the fun we had at that bridal shower you hosted and the relish with which we all devoured your Chocolate-Mint Ice Cream Squares.

Oh-h, there's just not room enough to continue on into the Meats, Casseroles, Poultry, Fish, Vegetables, Salads, Appetizers, Dips, etc. which literally make that file box bulge. So many more of you are tucked away amid the Salmon Log, Cheese Ball, Company Potatoes, Chicken Divan and so MANY other really super recipes you've shared in the past. But -- who knows -- one of these days I just might be doing a little re-vamping again.

THE BOTTOM LINE: Happiness is finishing a box of candy and discovering there's a second layer underneath. (Tried to find something that fit in with desserts and that's the best I could do. But what a way to go, huh?)

## Infant baptized at St. Aloysius Church

By Mrs. Joseph Spring  
699-4021

Three-months-old Phillip Lloyd Beckert, the son of Phillip L. and Cathy Ann Beckert of Romulus, received the sacrament of baptism administered by The Rev. Walter Lezuchowski at St. Aloysius Catholic Church Sunday, Nov. 15.

Godparents were Carol Buelow, twin sister of Cathy Ann, and John S. Beckert, brother of Phillip. Also present were the baby's paternal grandparents, Mrs. Mary Beckert of Canton, O. and John F. Beckert Jr. of Mayfield Heights, O., and his maternal grandparents, Robert and Naomi Murray of Ypsilanti.

Others included Debby Winger of Canton, O.; Jimmy and Jeff Buelow of Flemington, N.J. and a special friend, Linda Reddick of Redford Township.

In celebration of his 92nd birthday, Darryl Raymond Sr. was guest of honor on Sunday, Nov. 8, at the home of his grandson and wife, Mr. and Mrs. Douglas Raymond of Dearborn Heights. Others present

were Douglas' parents, Mr. and Mrs. Darryl Raymond Jr., and Douglas' grandmother, Mrs. Harold Campbell.

Darryl Sr. had also celebrated his real day, Nov. 6, with his family at dinner at Bill Knapp's.

Mrs. Dorothy Hearn of Eugene, Ore., arrived last week to spend some time with her sister, Mrs. B. P. (Zula) Hopson. The ladies spent last weekend at Torch Lake with the latter's son and wife, the Thornton Hopsons, at their summer home.

Former Belleville residents, Mr. and Mrs. Clyde Woods of Manchester, Tenn., were called here by the death of the latter's brother, Roy Harrison of Dearborn, who passed away Nov. 8 after a lengthy illness at 74 years of age.

Services were held Nov. 11 at the Charles Burden Funeral Home in Jackson with burial in Woodlawn Cemetery.

Mr. Harrison was also a brother of Mrs. Jay (Marie) Murphy of East Huron River Drive and Mrs. Roland (Eunice) Ludwig of Dearborn.

Friends from Ypsilanti, Mrs. Pamela Vreeland and Mrs. Julie Slaughterbeck, were Tuesday evening guests at the Ted Luper home on Karr Road.

Mrs. Charles (Gladys) Fry has been a medical patient at Trenton Riverside Osteopathic Hospital.

Lynn Saunders and son Jeffrey of Clinton Township spent Sunday with the latter's grandmother, Mrs. Clayton Saunders.

Mrs. Dorothy Kellas was among those who attended the November meeting of the Strand-Weeks Past Matron's Club held at the home of Shirley and Bill Hietala of Detroit. Present for

the co-operative dinner were 17 members and two guests, Ed and Terry Bloor from Mecca Chapter No. 58, Ridgetown, Ont.

Others present were from Detroit, Wyandotte, River Rouge, Plymouth, Warren and Ypsilanti. Instead of a gift exchange at the December meeting it was decided that each member will give money which will be sent to the Grand Secretary for the Golden Age Fund of the Past Grand Matron, Frances Strand's project.

Mr. and Mrs. Willis Moser, William Law and daughter, Barbara, and Helen Wilson attended funeral services for a relative, 17-year-old Scott Piro, son of Mr. and Mrs. Charles Piro of Trenton, at St. Thomas Episcopal Church Nov. 6.

Guests last Wednesday of Mrs. Ruth Roulo were her sister, Mrs. Norma Magle of Dearborn, and

granddaughter Linda Ross and her daughter, Christie, of Mount Clemens. All attended the bazaar and dinner held at the Congregational Church at Wayne.

Mrs. Ada Sager entertained a number of friends for dinner at her home Friday evening honoring those whose birthdays are in November, hers falling on Nov. 15.

## New on the scene

Jeffrey Austin Kirschweg

Jessica Lee Martinez

The birth of a baby boy in Heddishheim, Germany is being announced by Sherry and Dorn F. Kirschweg. Titled "Jeffrey Austin", the new heir weighed 7 lbs. - 8 ozs. on his arrival Oct. 29.

The new mother, the former Sherry Colleen Haines, and her husband, who is serving with the U. S. Army abroad, expect to be back in the States some time next fall. The Kirschwegs were married Dec. 22, 1979 in Belleville.

The proud paternal grandparents, formerly of this area, are Walter and Ellen Haines of Port Orange, Fla.

Jessica Lee is the name chosen for the new baby daughter born Nov. 10 to Mr. and Mrs. Tom Martinez of Belleville Road, Belleville.

Making her debut at Beyer Hospital in Ypsilanti at 11:11 a.m., the newborn weighed 8 lbs. - 8 ozs. and measured 20 1/2 inches.

She is the new sister of Thomas Michael Martinez, who's 15 months old, and the new granddaughter of Mr. and Mrs. James Davis and Mr. and Mrs. Bob Lewalters, all of Belleville. Great-grandmother honors go to Mrs. Leona Hath of Howell.

Mrs. Martinez is the former Debra Davis.

## Short subjects

## NO-MEAT MEXICAN SUPPER

Tired of the same old cheese omelet or tuna sandwich when you're not in the mood for beef? Try a Mexican-style meal that's so tasty and filling (and easy to fix!) that you'll never miss the meat.

Rice con Queso is a spicy and hearty cheese, rice and tomato dish. Combine 1 can (8 oz.) whole tomatoes (cut into pieces with a fork), 1 cup water and 1 tablespoon instant minced onion in a saucepan. Bring to a full boil. Stir in 1 1/2 cups Minute rice and 1 cup shredded cheddar cheese. Cover; remove from heat and let stand for 10 minutes.

As the dish cooks, the rice puffs up tender and flavorful, absorbing the tasty juices. Stir in 1/2 cup sour cream and serve to four. For more south-of-the-border flavor, add a tossed salad with avocado slices and olives. Lemonade for the kids and margaritas for the adults complete the meal.

## MEXICAN MEAL IN MINUTES

Saute 3/4 cup thinly sliced onions in a saucepan in 3 tablespoons butter or margarine until tender but not browned. Add 1 1/2 cups Minute rice and saute until golden brown, stirring frequently. Add 2 cans (15 oz. each) chili, 1 1/4 cups water and 1/2 teaspoon salt. Bring to a boil. Then, cover, reduce heat and simmer for about 5 minutes.

## Any water softener worth its salt, is worth Morton® Salt.

To make Morton® Pellets, we start with crude solar salt or natural rock salt, and improve it. Refine it. Make it virtually 100% pure and water soluble, so there's essentially no sludge formation that can cause clogging and costly repairs.

And that's why water softener owners choose Morton® Salt more than all other brands combined. For rusty water, try Morton® Super Pellens® Salt. Same high purity, but with a special rust remover that helps keep sinks and laundry stain-free.

Morton® Pellets. Or Morton® Super Pellens® Salt. Both in weather-proof bags with easy-carry handles. There's no better salt for your water softener.

Love makes the world go around. It also makes a lot of other things go

## Love also creates some problems

around, judging from the recent reports of the increase in the incidents of venereally transmitted diseases in our country. The problem has reached virtually epidemic proportions. It has been estimated that up to 10 percent of routine cultures of the cervix harbor the organism responsible for gonorrhea. And in crowded urban hospitals, the figure may reach 20 percent.

I once asked one of my professors of infectious diseases in medical school if it was possible to get gonorrhea from a toilet seat. His initial response was to ask me if I had intended to take a toilet seat out on a date that evening (it would have been funny were it not for the fact that there were 200 other people in the classroom at the time). He proceeded to

say, "Yes, young man, you can get gonorrhea on a toilet seat, but it is a very uncomfortable place to make love." The wisdom of his statement is that it takes two people (at least) to transmit a venereal disease, and that 100 boxcars full of nasty ideas and dirty toilet seats cannot substitute for two people, one of whom is infected, to transmit venereal diseases.

The problem of rampant venereal disease in this country goes hand-in-hand with the new moral and social issue of, "no commitment" and "quick service," respectively. Television, radio, newspaper, and magazines bombard our better judgment daily with, "beautiful people" who are just passing through town looking for a good time without "com-

mitment," or the people in a hurry to eat, drink, sleep, or "whatever" just to get it out of the way — like washing the dirty laundry or polishing one's shoes.

This type of "no commitment" is nothing more than fear of being responsible for keeping up one's side of a deal — a deal which morally obligates one to do something about an interpersonal problem or relationship besides running away from it.

It requires the strength of character to admit that although one is imperfect one is willing to accept the imperfections of others and to attempt to reach an understanding as to how mutually acceptable solutions to problems can be reached. Of course, this attitude necessitates one's being around to talk about and work out

problems as they come up. "No commitment" to another person means never really being a part of humanity, but rather wafting above it and landing from time to time on a mirage for a rest stop and quick service. In this regard, the sexual pit-stop is akin to the fast food restaurant — that is, temporarily satisfying, but rarely gratifying.

This lack of commitment and search for a quickie (no pun intended) way to get things done is a social illness of our times which, as you can see, may indeed manifest itself as a social disease. The moral of this story — if you are going to hurry through with something, make it a Big Mac and fries instead of a love relationship. After all, indigestion is better than gonorrhea!

## Helping Hand seeks food contributions

The Helping Hand will be on the receiving end of a food collection drive being staged during this weekend's services at St. Aloysius Catholic Church in Romulus.

Collection boxes will be placed in the church to collect food contributions from church goers. The collection campaign is being staged by the churches Christian Service Commission in conjunction with the Helping Hand.

Each family in the parish will be asked to bring food stuffs determined by their last name, however, organizers recommend discretion in the quantity.

The food collected will be used by Helping Hand to distribute to needy families in the area on an emergency basis throughout the year.

The contributions by name will be: A—soups, B—canned vegetables, C—canned fruits, D—canned juices, E and F—oatmeal, G—tuna fish, H and I—dry cereals, J—dry macaroni, spaghetti, rice and beans, M—dry milk, N—crackers, O—canned shortening, P—baby foods and formula, Q and R—cake mixes, Jello-O, etc., S—chunky soups, T and U—peanut butter or jelly and V, W, X and Z—baking goods, flour, sugar, Bisquick, etc.

According to Helping Hand coordinator Florence Klein, if contributors choose meats, the meat must be canned. She added that cash contributions also "will be

gladly accepted and gratefully received."

"Thanksgiving is a time for thanks and giving," she added. "What better way is there of showing our appreciation and thanks to God for what he has given us, then by helping those less

fortunate than ourselves."

Mrs. Klein, has also extended a thank you to those helping in the food drive, including the church's Youth Group, which provided promotional signs erected in the church.

# IRS is looking for you-

## you could have a refund due

The Internal Revenue Service is trying to locate some area residents who are due a tax refund from their 1980 federal income tax returns.

According to IRS, 1,390 refund checks worth more than \$650,000 were returned by the Postal Service as undeliverable in Michigan. The refund checks are for both individuals and businesses.

IRS believes the taxpayers may have moved or changed their last names during the year and failed to notify the IRS.

On others, the handwriting may simply be illegible.

When a refund is returned by the Postal Service, the IRS attempts to find the taxpayer and deliver the checks, but there are always some who cannot be found. If you think you were due a refund from your federal tax return but have not received it, contact the IRS.

Taxpayers listed below should call the IRS at 800-482-0670 to claim their refund.

## Important News For Smokers:

# New Merit Research Released!

**New survey results prove MERIT delivers in key areas of taste, ease of switch, and long-term satisfaction.**

Rigorous new MERIT research proves it.

MERIT smokers confirm taste a major factor in completing a successful switch from higher tar cigarettes.

### **MERIT Switch Clicks.**

Nationwide survey reveals over 90% of MERIT smokers are *glad they switched* from higher tar cigarettes. In fact, 94% *don't even miss their former brands*.

Further Evidence: 9 out of 10 former higher tar smokers report MERIT an *easy switch*, that they *didn't give up taste* in switching, and that MERIT is the *best-tasting low tar* they've ever tried.

### **2 Of 3 Smokers Prefer MERIT.**

In the second part of this study, new tests confirm that MERIT delivers a winning combination of taste and low tar when compared with higher tar leaders.

**Confirmed:** The overwhelming majority of smokers reported MERIT taste equal to—or better than—leading higher tar brands.

**Confirmed:** When tar levels were revealed, 2 out of 3 chose the MERIT combination of low tar and good taste.

Year after year, in study after study, MERIT remains unbeaten. The *proven* taste alternative to higher tar smoking—is MERIT.

## For work at Quirk School

# Student-teacher receives EMU award

JANICE ABRAHAM

Janice Abraham, an Eastern Michigan University senior and a graduate of the University's Upward Bound Program for area high school students, has been selected as one of three outstanding students in a 10 state region by the Mid-American Association of Educational Opportunity Program Personnel.

Abraham is the daughter of Mr. and Mrs. David Abraham of 2040 Chevrolet in Ypsilanti, and is currently student teaching at the Quirk Elementary School in Belleville.

Abraham received her award at special ceremonies held in Fontane, Wis., Nov. 10. She is the only student from Michigan selected by MAEOP for the special honor.

A 1978 Belleville High School graduate, Abraham participated in Eastern's Upward Bound Program from 1976 through 1978. At EMU she is majoring in

education for the emotionally impaired and is a candidate for graduation at winter commencement ceremonies this December.

Abraham, 21, has been active in

numerous EMU campus organizations. From 1979 to 1981 she served as president of the Black Student Association. She has also been a student senator, a member of the Minority Affairs Com-

mittee, the EMU Election Committee, the Humanitarian Days Committee, the Minority Task Force and the Academic Standards Review Board.

Abraham was selected for the out-

standing student award on the basis of her academic achievement, school and community involvement, career goals and contributions to the Upward Bound Program.

## Good schools need interested citizens

Sponsors of American Education Week (Nov. 15-21) say that parents and other concerned citizens who seek excellence in their local schools and education generally, should support teachers with outside activities that heighten classroom interest and involvement.

Such efforts would help mark this year's theme, "American Education and You: Partners In Our Children's Future."

"If we do not concern ourselves with the schools," said Donald Priest "we are forfeiting some of the responsibility

we share for the future of our community, our country and successive generations."

The Van Buren Schools will observe this special week with activities highlighting not only the accomplishments, but also the problems and challenges that lie ahead in education.

Priest noted that the schools and education leadership face increasingly complex problems, said that "we can help minimize the pressure of current crisis" by helping teachers at all levels instill a sense of educational values

among their students.

Joint sponsors of American Education Week, (National Congress of Parents and Teachers, National Education Association, National School Boards Association, The American Legion, and United States Department of Education), have noted a number of approaches for expressing commitment. Among them are:

- Ask teachers how you can support their activities at home and in your neighborhood. Learn the objectives of various types of instruction so as to be

able to explain those goals to young people.

- Encourage young people toward a sense that the schools belong to them as well as to adults.

- Help young people to involve themselves as completely as possible in their learning by showing that intellectual curiosity is natural and valuable. For example, encourage them to view the programs on television that focus on current events, or American history, or the various peoples, animals, plants, customs of other parts of the world.

### HURON TOWNSHIP

The Township of Huron is now accepting applications for a dispatcher for Police, Fire and EMT services. Applications may be obtained from the Huron Township Police Department during regular business hours (9 to 5 daily). Please contact Chief Joseph E. Carney or the Township Clerk, Mary Lou Carey. Some prior experience preferred. Township residents will be given first priority if all qualifications are equal. We are an equal opportunity employer.

Doreen Craven, Clerk

### SUMPTER TOWNSHIP BOARD MINUTES

MINUTES OF A SPECIAL MEETING  
OF THE SUMPTER TOWNSHIP BOARD  
HELD ON NOVEMBER 5, 1981

Meeting called to order by Supervisor Reeves at 5:08 p.m. with the pledge of allegiance to the flag. Roll Call Showing:

Present: Supervisor Reeves, Clerk Banotai, Treasurer Duey and Trustees: Reaume, Huziak and Bevins.

Absent: None.

Also present: Engineer Wilhelmi, Engineer Slaviero of Wade, Trim & Associates and Deputy Clerk Sienko

Motion by Duey, supported by Morgan to accept agenda. Motion carried unanimously.

#### Agenda

1. Pledge
  2. Roll Call.
  3. Approval of Agenda.
  4. Discussion with Engineers - Super Sewer.
  5. Discussion of Harold Hess's Bill - per agreement.
  6. Adjournment.
  4. Discussion with Engineers - Super Sewer
- George Wilhelmi introduced Jim Hamilton, Chief Engineer of the Wayne County Department of Public Works. Also introduced Jerry Knapp, Prime Consultant for Hubbell, Roth and Clark and Fred Slaviero and Bob Sinclair of Wade, Trim & Associates.
- Mr. Hamilton took the floor and began the discussion. Started out to explain "where we are today". This program was conceived some 15 to 20 years ago. The original plans were to go to Ann Arbor, including Ypsilanti, who have since built their own plant. Mr. Hamilton explained the different routes that could be used. Some of which were turned down by the EPA. A packet is to be sent to Sumpter Township that will show the alternatives to the north of Joy Road. Also discussed the cost that is pro-rated in various sections by the capacity. Basically 4 different alternatives, different communities discharging into the system. Detroit has no voice in the system. The treatment plant will be in Brownstown. The current estimate of cost including Bemis Road section would be approximately \$8 million, 20% local share or \$1.6 million. Sumpters allocation as developed 4.85 CFS. Van Burens capacity - 3.2 CFS. Sumpter would carry 60% of the cost and Van Buren 40% of the \$1.6 million. Sumpters 60% would be \$960,000 and Van Burens 40% would be \$640,000. Cost of Main Interceptor - Sumpter Townships share \$650,000 to \$800,000. The total Sumpter share between \$1,500,000 to \$1,700,000 with the first year payment between \$220,000 and \$246,000. Capacity in Main Interceptor will be 11 1/2 CFS with the reserve 3 1/2 CFS going to Sumpter Township for further expansion. The treatment plant is to be financed by a Revenue Bond Issue. The payment will be by those who use it. This system would cover about 10% of the Township.
- If Sumpter does not go into the program now, the likelihood of being able to buy into the system in the next 20 years would be slight.
- When the communities make a decision, they will be ready to start a design that everyone agrees they want to build. We are possibly three years away from completing construction of the project.
- A commitment must be made by Sumpter Township by January 1982 or sooner to buy in. This ended Mr. Hamilton's presentation.

5. Discussion of Harold Hess's Bill - per agreement

Attorney Witthoff has been contacted by Mrs. Hess's Attorney. Witthoff explained to the Board that the Open Meetings Act does allow them to go into closed session. It would require 2/3 vote of the Board. He left that decision up to the Board. Supervisor Reeves stated that if the Board did go into closed session to discuss terms he wanted the vote to be taken at an open meeting. Witthoff has a dollar offer from Mrs. Hess's Attorney for Board consideration.

Supervisor Reeves declared 5 minute recess. 6:22 P.M.

Meeting resumed at 6:29 P.M.

Attorney Witthoff continued his presentation. Mr. Hess's claim for Attorney fees are from November 1974 to February 1979. 4 1/2 years. The appointed committee of Witthoff, Reeves and Huziak have met on several occasions since the last authorized report. Mrs. Hess and her Attorney offered a bill of \$105,962.50. They agreed to settle for \$95,000. \$38,000 now and \$57,000 at \$11,400 per year, first payment due April 1, 1982. This offer was rejected. She in turn was offered the \$38,000 which she refused. At this point the Board went into negotiations. She was offered \$38,000 with \$25,000 additional to be paid at the rate of \$5,000 per year over a 5 year period with no interest, making a total of \$63,000. This would be a full settlement for any claims against the Township, pending Board approval. After consideration by Mrs. Hess's Attorney and herself the offer was acceptable to them. The settlement must have the approval of the Township Board as well as Probate Court approval. It was suggested that the Auditing Firm of Post, Smythe, Lutz & Ziel also be made aware of the settlement. Mr. Smythe was present at the meeting and stated that the previous Board had set aside the \$38,000 that the Township now has on hand.

Motion by Duey, supported by Huziak to put the Attorneys recommendation on the next agenda. Motion withdrawn, support withdrawn.

Supervisor Reeves recommended the Board not make any final approval until an agreement is drawn up between Sumpter Township and the Estate of Harold Hess and he would prefer that any motion state the Attorney draw up the agreement.

Motion by Bevins, supported by Morgan to authorize Attorney Witthoff to draw up an agreement with Mrs. Hess, in accordance with her Attorney Druks to pay \$38,000 now and \$25,000 at \$5,000 per year for 5 years with no interest. One naye. Motion carried.

6. Motion by Duey, supported by Huziak to adjourn. Meeting adjourned at 6:48 P.M.

Respectfully submitted,  
Louis P. Banotai, Clerk

## Armed Forces

Navy Seaman Recruit Dorothy J. Foster, daughter of Patricia L. Foster of 16909 Orchard, Romulus, has completed recruit training at the Naval Training Center, Orlando, Fla.

SEAMAN DOROTHY FOSTER

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

A 1981 graduate of Romulus High School, she joined the Navy in August 1981.

Marine Pvt. Harley G. Savage Jr., son of Elizabeth J. and Harley G. Savage Sr. of 33951 Goddard, Romulus, has reported for duty with 3rd Battalion, 11th Marines, Camp Pendleton, Calif.

A graduate of Romulus High School, he joined the Marine Corps in June 1981.

Airman 1st Class Stephen C. Copeland, son of Mr. and Mrs. Herbert Copeland of 46332 Willis Road, Belleville, has graduated from the U.S. Air Force

avionics communications systems course at Keesler Air Force Base, Miss.

Graduates of the 20-week course learned how to install and repair airborne communications equipment, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Copeland will now serve at Minot Air Force Base, N.D., with the 5th Avionics Maintenance Squadron.

His wife, Cyndi, is the daughter of Ben L. Hicks of 2121 W. Olmos, San Antonio, Texas.

Copeland is a 1977 graduate of Edison High School, San Antonio.

Airman Jerry L. Willcockson, son of Mr. and Mrs. Joseph H. Willcockson of 37502 Walnut Drive, Romulus, has graduated from the U.S. Air Force aircraft maintenance training course at Sheppard Air Force Base, Texas.

Graduates of the course were trained in aircraft maintenance, repair and service, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Willcockson will now serve at Dyess Air Force Base, Texas.

His wife, Carol, is the daughter of Mr. and Mrs. Robert Maikne of 16432 Oak Brook Drive, Romulus.

Willcockson is a 1979 graduate of Romulus Senior High School.

Pfc. Sharron Donald, daughter of Mr. and Mrs. Lonnie Donald Sr. of 34448 Beverly Road, Romulus, has completed the personnel administrative specialist course at Fort Benjamin Harrison, Ind.

The course is designed to provide students with a working knowledge of unit administration duties including files and applications, correspondence procedures and unit administration duties, unit personnel actions, the standard installation division personnel system, and basic typing skills.

She is a 1980 graduate of Ferris State College, Big Rapids.

Marine Lance Cpl. Kevin L. Stewart, son of Arthur T. Stewart of 9417 Essex Ave., Romulus, recently completed artillery training in Korea.

He is a member of Battery F, 2nd Battalion, 12th Marines, based on Okinawa.

During the 25-day exercise, his battery conducted extensive training to prepare for up-coming Division and Regimental exercises.

Stewart joined the Marine Corps in April 1979.

Marine Cpl. Steven W. Sims, son of LeRoy G. and Jeannette E. Sims of 10381 Ozga, Romulus, has reenlisted for three years and was awarded the Good Conduct Medal.

The Good Conduct Medal signifies faithful and obedient service during a three-year period. To earn it, enlisted Marines must achieve and maintain an unblemished conduct record for the entire period.

Sims is currently serving with Detachment "B", 1st Force Service Support Group, Marine Corps Air Station, El Toro, Calif.

Sims joined the Marine Corps in September 1978.

Navy Seaman Recruit Danny C. Johnson, son of Robert C. Johnson of 28320 Rosewood, Taylor, and Betty J. Johnson of 15502 Taft, Romulus, has completed recruit training at the Naval Training Center, San Diego.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

As child abuse soars to 20,000 cases in county

Foster parents must provide without checks

Foster parents providing child care for some 2700 youngsters in Wayne County may be getting checks in the mail next week as a result of a recent meeting between Wayne County Commissioners and the State Director of the Department of Social Services (DSS).

More than 1,100 foster mothers in Wayne County have not been paid since the State DSS suddenly announced August 1st, that it was out of funds — the result of a Legislative “cap” placed on the amount that could be spent for child care programs.

State Representative David Hollister, a member of the House Appropriations Sub-Committee, in an interview Tuesday, said he expected the problem to be resolved in time to send out some \$2 million in back payments within a week. Legislators were planning to act on the sub-committee’s recommendations within three or four days, according to Hollister.

Members of the county’s Human Resources Committee, chaired by Kay Beard, met with Dr. John Dempsey,

Director of the State DSS two weeks ago in an effort to find a swift solution; however, proposals suggested by the county’s budget Director, Constantine Stathos, merely drew a “we’ll look into it” comment from Dempsey. Publicity concerning the meeting is thought to have forced the issue.

Commissioners became involved when foster parents began complaining bitterly last month that they weren’t getting paid. “The public has become confused into thinking the county administers the program, when in reality it is a state function,” Ms. Beard explained. “The media continues to refer to it as ‘The Wayne County Office of Social Services.’ It’s the State Office of Department of Social Services in Wayne County,” she corrected.

According to Stathos, the whole problem stems from a tabulation error last year by the State. “Foster Parents,” he said, “are paid by the local office of the DSS. That office, in turn, sends a report of expenditures to the County Board of Auditors who, in turn, sends the Coun-

ty’s 50 percent share of the costs to Lansing.

The County’s reimbursement in 1980 was mistakenly included in the State’s 1981 budget, making it appear the State had expended that amount this year, causing them to cut off further payments August 1st.”

Frank Bechtol, vice-president of the Michigan Foster Parents Association for Area 10, whose membership includes 468 foster mothers in 40 County communities said many of his foster parents were undergoing extreme hardship as a result of the State’s inability to pay.

“They’ve been using their own savings to survive the four-month ordeal,” he said. To my knowledge, none of them have returned their charges, but it has been pretty grim.”

Foster parents are paid \$9.20 per day to provide a small allowance, food, shelter, clothing and personal needs for each teenager. “It doesn’t take a mathematician these days to figure out that the Foster Parents are taking in these

youngsters for love, not money,” Bechtol noted.

Delores Petite, Vice-President of the Association serving Area 9, which includes Detroit, Highland Park and Hamtramck, has some 550 foster parent units.

George Cross, County Corporation Counselor, accused the State of circumventing the Headlee Amendment by forcing the county to pay for the state’s program. Said Dempsey, “You might be right, but nothing’s going to happen until you complain in court.” Cross said he expected to do just that.

“Commissioners hope to protect Foster Parents, and other service provid-

ers, from such problems in the future by forcing the state to either appropriate adequate funding, or, at least, notify individuals in advance that they might not be paid promptly,” Ms. Beard emphasized. “The state has steadfastly refused to give the county a list of Foster Care homes so that we might contact and apprise them of the situation.”

‘The Gospel Boys’ coming to Romulus

“The Southern Gospel Boys” of Ypsilanti will present a program of fine gospel singing and instrumental talent on Sun., Dec. 22, beginning at 10 a.m. at the Lighthouse Assembly of God Church in Romulus, 36572 Goddard.

The special service of old-fashioned “blue-grass” music is unique in quality and sound, and is designed to inspire the hearts of each one who attends.

A capacity crowd is expected to see and hear one of the finest groups of lower Michigan. Pastor Howell Kelly extends welcome to everyone who is able to attend. For further information please call 699-4054.
